Survey requested

Building inspector recommends hospital annex be condemned as soon as possible

Building Inspector A. E. Clark has recommended that the annex to the Kelowna General Hospital be condemned for occupancy as soon as possible.

Report was tabled at council meeting this week. Dr. D. A. Clarke, medical health officer of South Okanagan Health Unit requested the survey following receipt of a letter from the deputy provincial minister of health.

Where's the fire?

MONDAY
11:18 a.m., 364 Christleton, chimney fire.

TUESDAY
6:29 p.m., Richter and Gaston, false alarm.

WEDNESDAY
11:55 a.m., 2265 Pendozi, fire in stove pipes.

THURSDAY
4:00 a.m., 1694 Pendozi, fire in furnace sawdust hopper.

FRIDAY
4:53 p.m., 2291 Pendozi, chimney fire.

SATURDAY
9:05 p.m., Water and Lake, false alarm.

Construction values show big increase

Value of construction in Kelowna and district during the first two months of the year totalled \$188,675.

In Kelowna, February building figures totalled \$82,925 bringing the two-month figure to \$125,800. Glenmore, construction values during January and February were \$20,350, while in the Kelowna regulated rural area, building during the same period was valued at \$42,525.

Building figures in Kelowna during the past two months were the highest since 1948.

Total of 19 permits were issued last month. Broken down, they were: five permits for additions to commercial buildings, \$27,200; three permits for alterations to business buildings, \$2,430; one permit for alterations to a public building, \$1,560; two residential permits, \$21,600; three permits for residential alterations, \$8,200; two permits for out-buildings, \$1,350; and three permits for signs, \$585.

Group studies two highway viewpoints

The site for a viewpoint on the new section of Highway 97 on the west side of the lake was investigated on Wednesday afternoon by the mayor's bridge committee and W. M. Underwood, local department of highways supervisor.

Hon. P. A. Anglardi had asked the local committee and Mr. Underwood to select a desirable site for a viewpoint overlooking the lake and Kelowna.

The committee selected two good sites and a possible third, but split wide open on which was the more desirable. One is near the crest of the lake and back somewhat from the lake. It provides a wide sweeping view across the lake and to the north and the view of the city is excellent with the aquatic club building showing up well. There is ample space for a large viewpoint. This site would provide a beautiful day and night view of the city.

The other, and lower, site, not too far from the end of the bridge fill and not very high, does have an excellent view of the lake to the north and to the south, but it does not provide a good view of the city.

Education panel told:

Canada not turning out enough university graduates to meet the needs of industry

Canada's turn-out of university graduates is small compared with the needs of industry. Students who have the capacity for learning, should go to university to complete their education.

These opinions were expressed by Dr. G. M. Volkoff, professor of physics at University of British Columbia, at an education panel discussion in the senior high school Tuesday evening.

Dr. Volkoff thought that in order that Canada can maintain its place in the world, "it no longer needs strong backs. It needs strong minds."

Over 500 people jammed the auditorium for the discussion, which was rated as one of the most successful ever held.

"At the moment, we are not meeting the demand for engineers, scientists and physicists," Dr. Volkoff declared, adding there are 167 engineering students who will graduate this year. More than 500 jobs have already been offered to them some paying as high as \$15,000 a year. "This is inflation," he said, "and inflation can only be overcome by production."

Dr. Volkoff also pointed out that in the United States there is a demand for at least 40,000 engineers, which the schools and colleges cannot supply.

Alex Hatz, manager of the National Employment Service office in Kelowna was of the opinion ap-

All tickets sold

A lot of Kelowna fans will have to take in tomorrow night's crucial Penticon-Kelowna final hockey game by radio, since the 150 tickets allotted to the Orchard City were sold within 20 minutes of the box office opening. Arena Manager Percy Downton reported.

Packers are now tied in the series with Penticon, three games apiece, and the winner tomorrow night in Penticon will travel to Vernon Saturday night to start the final series against Vernon.

City firemen get increase \$9.00 month

City council has now concluded working agreements with four civic unions, all on a three-year basis. Latest agreement to be ratified was the International Association of Fire Fighters, local 953, which will cost the city an additional \$678.72 this year.

The agreement calls for a boost of \$9.00 a month to five four-year firemen, and the city will also pay the difference between a multi-party and private telephone line which will amount to \$90.72 a year. The three-year agreement also calls for wage boosts in 1957 and 1958. A fourth year fireman now receives \$309 a month and this will rise to \$318 next year and \$328 in 1958. Firemen also come under the medical services association scheme, and the city will pay 50 percent of the premium rate.

Signing of the working agreement with the firemen now brings the total salary increase to civic employees to \$11,776.72. Yet to be ratified are the salaries of the fire chief, the assistant fire chief, and the city clerk.

Polio fund now totals \$4,425.80

Total proceeds from the "Marching Mothers" drive against polio has reached the \$4,425.80 mark.

It is reported that about another \$90 is yet to come in, which would bring the amount about \$4,500, approximately \$500 over last year's total.

The one hour "blitz" drive conducted by mothers in the city netted \$4359.54, and the rural campaign has so far brought in \$66.26.

The money will be forwarded to the rehabilitation centre in Vancouver where it will be used to help bring polio sufferers back to a normal life.

False alarms

Fire chief Frank Gore appealed to citizens to watch for persons turning in false alarms from fire call boxes.

There have been three such cases within the past week. Mr. Gore believes that it is either children on bicycles or juveniles in cars that are responsible for these false alarms.

There is a fine of \$100 for any person caught turning in a false alarm.

Receives popular player award

Just before Wednesday night's game in the arena, Dr. M. J. Butler, past president and Okanagan representative of the BCAA, was called upon to present the Mor-Eaze Trophy, and a Gruen watch, donated by the manufacturers, to Brian Roche, right winger who was chosen by ballot as the most popular player on the Packer team. Above, Roche is seen holding the trophy, and receiving the watch from Dr. Butler. Roche went out to score once and earn two assists in the game which the Packers won 4-2.

Old coins continue to turn up

If you can take the word of a Flin Flon, Man. banker, government agent Ross Oatman, of Kelowna, would have a comfortable "nest egg" as a result of his old coin collection.

Recently a Flin Flon man found a coin dated 1857 under a house, and a banker of the Manitoba mining town thought the unique coin would be worth around \$2,000. He thought there were only three coins in existence bearing the words "The Bank of Upper Canada".

Earlier this week, a retired RCMP constable, Charles Gurr found a similar coin in his collection.

Now Mr. Oatman has since produced two more coins of the 1857 vintage. In addition, he has other change pieces bearing the dates of 1854, 1852 and 1850.

Mr. Oatman explained his family settled in Ontario, but his mother insisted on calling it "Upper Canada".

Gas distribution system plans received by city

Inland Natural Gas Company has submitted preliminary plans for constructing an underground gas distribution system in the city.

R. M. Rutherford, chief engineer, informed city council this week that plans will not be finalized until after the public utilities commission hearing on April 3.

Will define hotel-motel definition

Building Inspector A. E. Clark will be requested to bring in a definition of a hotel-motel at next week's council meeting, so that the city bylaw can be amended accordingly.

This was the upshot of a discussion after Aldermen Maurice Melkie and R. F. Parkinson expressed the view that there had been too long a delay in amending the bylaw. Several weeks ago, R. J. Christian made application to council to construct an ultra-modern hotel-motel on Harvey Avenue, near Abbott St.

Tentative plans submitted at this week's meeting, disclosed the structure would be of two units. One unit would have 4,250 square feet, and the other 4,750 square feet. In view of the fact the proposed location of the hotel-motel is in an apartment zone, where frame construction is limited to 1,250 square feet, Mr. Christian's application will have to be referred to the appeal board. However, the appeal board has power to increase the size of the units to 5,000 square feet.

Council gave Mr. Christian the "green light" to obtain building plans and these will be submitted at a later date for final approval.

During the discussion on amending the city bylaw, Aldermen Melkie and Parkinson said they were not opposed to Mr. Christian's building plans. "We merely want to satisfy ourselves that the description of the bylaw covers a hotel-motel," Mr. Melkie stated.

Mayor J. J. Ladd said the city still has the right to refuse an application for an auto court inside the city limits.

Mr. Christian does not plan having kitchen facilities in the proposed structure, and this feature will probably be incorporated in the suggested amendment to the bylaw.

City ends year with surplus

City of Kelowna had a net surplus of \$11,285 in 1955. This was disclosed by Mayor J. J. Ladd at this week's council meeting. Additional revenue from public utilities and unexpended balances in various civic departments were responsible for the surplus.

Operating surplus of the electric light department totalled \$134,357.34, while the domestic water account had a surplus of \$19,417. This extra revenue and unexpended balances gave the city a gross surplus of over \$41,000, and resulted in outstanding accounts being paid off during the current year rather than having them carried over into 1956. These accounts included payments of \$7,000 for a house; backlogging of the arena parking lot, and purchase of crushed rock.

Around 3,000 will attend conventions here during June

June can definitely be tabbed a "convention month" for the city of Kelowna, when close to 3,000 people will visit here.

Over 1,500 Shriners will invade the Orchard City June 8-9 for the Gizch Temple Regatta City Ceremonial. Approximately 350 members of the uniformed units will be present in addition to other Shriners.

The city will just about be getting back to normal, when around 500 delegates from various parts of the Pacific Northwest will attend the District 4 Gyro convention, June 21-22-23. District 4 extends as far north as Prince George and Prince Rupert, and south to Portland.

Gyro convention arrangements are in charge of Frank Hyland. This will be the first time since 1937 that the District 4 convention has been held here. That year, the parley was highlighted by the last run of the Sicamous, now berthed at Penticon. Sicamous was hired to take delegates for a cruise on the lake.

Two-month tax collections up \$34,983.79

City tax collections during the first two months of the year showed an increase of \$34,983.79 compared with the corresponding period in 1955, city comptroller Doug Quibbert informed council this week. Total of \$109,348.35 has been collected to date.

Mr. Herbert also reported that 519 trade licences have been issued, an increase of 57 compared with the same period last year; trade licence fees are up \$1,080; professional licences totalled 46, an increase of five, while professional tax fees amounted to \$920, an increase of \$100, compared with 1955.

Gyros have been busy publicizing the convention, and in recent weeks, specially-wrapped Gyro apples and dope capsules have been sent to clubs. An Ogopogo theme will be built around the local parley. The slogan is "In '56 it will be grand to meet in Ogopogo land."

BAPTIST CONFERENCE
Around the same time, the Pacific Baptist Conference will meet in Kelowna for four days. Approximately 400 delegates from British Columbia, south to California will attend. Tentative dates have been set for June 20-24, but these may be altered to fit in with other conventions scheduled here. However, the parley will definitely be held in Kelowna. Last year's conference was held in Anaheim, California.

The Law Society of British Columbia, in conjunction with the B.C. section of the Canadian Bar Association, will hold a two-day conference here June 28-29. Around 500 persons are expected to attend. E. C. Weddell, Q.C., is president of the Kelowna Bar Association.

Can you solve murder-mystery?

by rpm

Who killed George Slackford and spoiled our regatta?

That indeed is the burning question of the moment. The big hunt is underway and whoever solves the mystery is going to receive a \$200 reward; or maybe \$35; or \$25.

The first installment of the Ogopogo Pool Murder appears on the first page of the second section of this issue. Other installments will appear on Monday and next Thursday. Between them they will contain all the clues necessary to solve the dastardly crime.

Don't ask us who the villain is. We don't know. But we have ideas—oh! strictly from reading the sheet—and we are as hot on the trail of the murderer as anyone else. That is we will be when someone sells us an associate membership ticket in the Kelowna Rowing Club, which is the "licence fee" to become a detective.

CONTEST RULES

On second thought, all I have to do is to write my solution, naming the murderer, and send it with one dollar to the Hon. Secretary, Kelowna Rowing Club, Box 243, Kelowna.

The story of the aquatic murder was written by W. Carruthers and

no one but Mr. Carruthers and the president of the Rowing Club, D. C. Unwin Simson, know the solution. The correct solution has been deposited with A. E. Walters, Bank of Montreal. So the field is wide open.

A summary of the story and the contest rules were distributed around the district this week. Keep these little pink folders for the next ten days until you have read the whole story, make your decision, fill in the form on the folder and attach the associate membership fee. Just don't throw that pink folder in the WPB yet. It may represent \$200 to you!

There will be broadcasts of the story on the 11th, 13th and 18th over CKOV.

And, in addition, the Rowing Club—if it is to continue to function, needs a lot of associate membership fees—whether you send in a solution or not, you should become an associate member of the Rowing Club.

COMMUNITY PLANNING

City council members showed interest in a proposed course on community planning to be held at UBC April 9-13. Before deciding as to whether a local representative will attend the conference, council has requested additional details.

Sign of spring

It may be spring over here, but it still looks like winter over there! With the sun shining in City Park the other day, the mudhens got out and started searching for food on the grass, looking quite spring-like. Over on the other side, however, the snow on the hill side belies the promise of spring.

Friday's game to decide finalist

Packers make comeback; Middleton and Culley pace locals to overtime victory

... Stonewall

... Winning goal

... Knotting counter

Kelowna Packers stole Pentiction Vees' thunder on Wednesday night, coming from behind to win 4-2 in overtime before 2,500 Orchard City fans, and tie up the semi-final series at three games apiece.

It was big Jim Middleton who knotted the score at 17:30 in the third, after the Packers had been scoreless for 39 minutes, nine seconds.

In the overtime frame, it was veteran Don "Sol" Culley who stick-handled his way in and deked Ivan McLelland beautifully for the winning counter.

Dave Gatherum, playing sensational goal, robbed Grant Warwick of a chance at the tying counter in overtime twice, once when he reached up and caught the puck while lying flat on the ice.

The come-back for the Packers wiped out the Vees lead earned on Monday.

PENTITION 4-KELOWNA 2

Pentiction showed flashes of their old world-beating form on Monday night in Pentiction, and the two men refereeing the game, incurred the displeasure of a lot of Kelowna fans by their inept handling of some phases of the game.

Bill Neilson and Bruno Sammartino, both of Vernon, were handling the whistle chores, and Neilson had to skate around and jockey for position when leaving the ice to avoid fans who wished to shake hands with him. Both he and Sammartino ignored attempts of one of the players to do the same thing on the ice.

The fans, Kelowna people, were indicating their feeling on a play in the third period, when Doug Kilburn collided with Alf Pyett on the blue line, and fell to the ice, laying there, indicating pain.

Kelowna remained in possession of the puck, but no whistle was called for some time until Jack MacDonald of Pentiction got possession. Bill Warwick had his skates on the ice before that whistle, unnoticed by the officials, and raced over to Pyett, starting his usual stick-swinging protest.

The Warwick surrounded the refs, and had a hot and heavy discussion, with Durban, Kelowna captain also putting in his say.

The refs went into conference. Neilson decided to call a penalty. Sammartino declined, and the penalty was called on Schal for interference.

UP-HILL BATTLE

In the play, Kelowna had the best of the play in the first period, but five penalties to Pentiction's one made it an up-hill battle, and they couldn't get that vital early game lead.

At one time for three minutes, Kelowna was killing two penalties, but managed to hold their own on superior back checking.

At the 16-minute mark, with Laidler serving a penalty, Dick Warwick played around behind the Kelowna goal, taking the puck with him, Grant, (Dick, Kilburn), 10:55. No as it bounced off in on a pass from Bathgate. He realized he had it.

wheeled around the other corner of the net and put a short pass on Bill Warwick's stick, who whipped it in for the only counter of the period.

In the second, Middleton got one over to Don Culley, who was brought up from the intermediates, and he made his shot. There was a scramble, and Mike Durban drove it in, tying the score.

Packers' elation was short-lived, when Dick Warwick took the puck on the boards right near the center line, looked around and rifled one over to Grant, who was being checked by two men, but managed to snare the pass and drive in on the goal. Gatherum moved out, and Grant fired a wrist shot from the counter, a beautiful goal.

The second period was penalty-free, but Kelowna was given three out of five penalties in the third.

PACKERS PRESS

Packers came out in the third pressing for the tying goal, and it was at 12:55 that Kilburn and Pyett tangled, and the resultant penalty to Schal, and the Vees scored at 13:31, putting them more out of reach.

Kelowna kept right on digging, but at 16:50, Dick Warwick got a pass across to Grant, who winged it in for his second counter of the night.

At 19:11, Bill Warwick insisted on staying on the ice in spite of Grant's beckoning to MacIntyre to skate out, and Bill drew a penalty for inciting, by his flagrant attempt to rile Schal.

Roche and Kaiser teamed up on the power play, Roche netting one at 19:46, but it was too late to be effective.

SUMMARY

First period—Pentiction, Bill Warwick (Dick Warwick, Bathgate), 16:44. Penalties—Dick Warwick, 00:17, Kaiser, 1:10, Swarbrick, 6:18, Durban, 7:51, Schal, 8:75, Laidler, 15:18.

Second period—Kelowna, Durban (Culley, Middleton), 9:38. Pentiction, goal, taking the puck with him, Grant, (Dick, Kilburn), 10:55. No as it bounced off in on a pass from Bathgate. He realized he had it.

Third period—Pentiction, Mc-

Intrye (MacDonald, Kilburn), 13:31. Pentiction, Grant, (Dick, Malo), 16:50. Penalties—Laidler, 1:54, Laidler, 8:15, MacDonald, 7:45, Schal, 12:55, Bill W. 19:11.

Overtime: Kelowna, Culley (Middleton), 1:53. Kelowna, Roche (unassisted), 9:55.

KELOWNA 4, PENTITION 2

Brian Roche, starry Pack right winger, among the first five in league scoring, and one of the cleanest players in the league, was voted the most popular Pack by the fans in public ballot, and received a Gruen watch and the Mor-Eeze Trophy. Presentation was made by Dr. M. J. Butler, past president and Okanagan representative of the BCAA.

Roche followed up the presentation by scoring one goal and assisting on two.

Jim Middleton scored one and assisted on one, and Don Culley earned the big one in overtime.

For the Vees, Jack MacDonald earned two assists, playing a terrific game, and Joe Malo and Jim Bedard each earned singletons.

WARWICKS BOTTLED

The Warwickers were bottled up at every turn, and goalie Dave Gatherum personally robbed Grant of two almost sure goals in the overtime frame, either one of which would have been a very important counter.

Mike Durban opened the scoring for the Packers, netting the only counter in the first frame, and giving the Packers their lead-off goal, when he skated out on a change with Middleton. Kaiser took the faceoff in the Vees end, got it to Roche, who got it across to Durban who was in the Warwick slot and whipped it in.

Jim Bedard made a point shot count in the second frame, less than half way through, with Kelowna one man short, when his raise hit a leg, and Gatherum lost sight of it until it ticked his hand on the way in, tying up the game.

Going into the third frame tied up, both teams turned on the heat, and the pace was terrific, until Joe Malo got one from close in on a play they was set up by Bill Warwick and assisted by MacDonald.

Things were getting tense for the Orchard City fans, and the seconds were ticking away, with the Vees still in the lead, and less than five minutes to go when Durban, Roche and Kaiser scored in over the blue line on a goal try.

Durban held possession in the corner, got it over to Roche, who got it out to Middleton, close in, for the tying goal of the game, and the fans went wild.

In overtime, Culley took a pass from Middleton, stick-handled in, and deked McLelland neatly, to backhand in a beautiful goal, and gave the Packers the edge with eight minutes and seven seconds left to play in the extra frame.

Packers hung on grimly, breaking away when they had the chance, but mainly concerned with holding the Vees down. Gatherum stopped lots of rubber, but the two tries by Grant Warwick were the one with goal stamped on them, and he stopped them both, to the delight of the Kelowna fans.

Referees Lloyd Gilmour and Arnold Smith did a creditable job of holding things under control, and only seven minor penalties were issued in the game.

SUMMARY

First period: Kelowna, Durban (Roche, Kaiser), 18:31. Penalties: Laidler, 8:32, Schal, 11:19.

Second period: Pentiction, Bedard (MacDonald), 7:30. Penalties: Tugari, 2:28, Laidler, 5:43, Bathgate, 10:40.

Third period: Pentiction, Joe Malo (Bill Warwick, MacDonald), 2:30. Kelowna, Middleton (Roche), 17:50. Penalties: Kilburn, 4:35, Bedard, 15:29.

The world's best known symbol is the Red Cross. In peace and war it is a symbol of hope and mercy for mankind.

By GEORGE INGLIS

DO IT NOW!

Right now, with the din of battle between hockey clubs, league officials and referees waging up and down the length and breadth of the Valley, is the time when we should start looking for remedial measures, to assure hockey fans of a prevention of their recurrence next year.

To begin at the top, I would suggest taking a long look at the needs for a member of the league executive, particularly the all-important post of president, before voting on anybody to fill the spot. This job is not a simple honorary task like being president of the cruller-dippers society or something of that nature, but a responsible position calling for administrative ability, a level head, a diplomatic nature, a fair amount of leisure, and a love and understanding of hockey.

An executive position in this league, which after all is a quarter of a million dollar business, should not be handed out each year to just any body, but should be handled by one man, who is capable and the choice of the entire league. He should be in a continuing capacity, also, since the first year or two are necessary to give him the insight and savvy to make a first-rate job in the years following.

This same thing applies to all the executive jobs on the league level. There has been nothing against the exec this year, as far as being hockey fans, and men, but they just haven't been the types to handle the big job that confronted them. The result has been unhappiness and discord. And the unfortunate part of all this tumult is that it defeats the purpose for which so many are striving—that or bringing entertainment to the people. The people don't want to be entertained in that manner.

PUBLIC RELATIONS

Of prime importance in the entertainment business is the job of selling the product, which is actually a luxury, to every class of person, from the man with the Cadillac to the man who rides a bicycle. This is done primarily by supplying good hockey in the case of this game, but even the best team in the world won't draw flies unless they have some other appeal. This calls for showmanship.

Baseball, basketball, football, wrestling, all have turned to the use of showmanship to live up to a dying sport. Today, in any of these sports, the man with the reins of the publicity, public relations, showmanship department, whatever you want to call it—is the key man in the organization.

I suggest the teams in the league pool in and between them try to obtain the services of such a man, who would have the interests of the whole league at heart, rather than one team. I would suggest a planned campaign to put the public in the hockey picture, and make them feel they are part of it all—that hockey is a community venture, to be supported as such.

DECREASED EXPENSES

A far longer view should be taken in the expense picture, particularly where the salary paid to players is concerned, with a realistic approach taken in the determination of what the communities can afford.

Kelowna has taken a lead in proving that players who are a part of the community concerned, rather than winter migrants, can put a great deal of black in the ledgers, and give the players themselves a great deal more in the long range picture.

Each of the four communities in the valley has a great deal to offer an athlete, over and above the crass commercial aspect of salary, and this should be stressed in a determined attempt to obtain good players who will concede something in the way of salary in return for value in living received.

The biggest example of this is the group of Packers who signed under an individual contract this year. The five—Jim Middleton, Joe Kaiser, Brian Roche, Mike Durban, and Jim Hanson—have set a fine example for future players. They deserve the tribute of hockey fans throughout the valley.

ENCOURAGEMENT

Every hockey booster in the valley should turn his eyes toward the ranks of those hockey players who are too young, to inexperienced, or too inept to make the senior ranks, and give them encouragement and assistance. At present they play in a cloud of obscurity, and have to overcome myriad obstacles in order to be able to play any semblance or organized hockey.

I suggest the eyes of hockey enthusiasts and supporters should be turned toward the up and coming hockey stars—such as the four boys who have had a good season with two prairie clubs—and encouragement be given them to fasten their ambitions on becoming a senior hockey player in the OSHL.

At rate hockey players are coming up in the valley, it would be advisable to take a good long look at the possibility of formation of a junior league between the four cities presently in senior hockey.

REFEREE SCHOOLS

While a great deal of the trouble the league has had with officials this year has been administrative, there has also been a lack of interested and capable men looking for the job.

There is no need for this to be the case at all, when there are a number of men in the valley who have had plenty of experience at the job, but can't be active in the league due to pressure of business, on the one side, and a lot of young men who are interested in becoming referees, on the other.

If one or two of these experienced men were picked out, they could hold schools in the various cities, and give some preliminary training to the aspiring referees. They could determine the suitability of and grade them as to their ability. They could also encourage the boys who needed more work and study to come up to standard.

This would give us a higher standard of referee, and give the league exec an idea of how many competent officials they could lay their hands on.

Does all this sound like a lot of work? It is, but what quarter of a million dollar business isn't worth a little work?

GLORIOUS COMEBACK

Those Kelowna Packers did it on Wednesday night, knocking skeptical tongues out on many of the 2,500 checks that sat in the Orchard City arena, and watch them stage a come-back in games and series standing against the greatest come-back artists of the league, Pentiction Vees.

Heroes of the game that was full of sterling play were veteran Don Culley, big Jim Middleton, and volatile Dave Gatherum. These three took the lime-light because of their deeds that accomplished the end, but every member of the Pack team played a stand-out game. They had to, the Vees weren't giving anything away.

Brian Roche, a good-natured, soft-spoken young man, who has played for the Packers for three seasons, broken by one with the Vernon Canadians, received the fans' vote as the most popular player on the team, and was presented with the Mor-Eeze Trophy and a fine Gruen watch. It couldn't happen to a nicer guy!

It looks like Friday night will be a big night, but win lose or draw, those Packers have proven themselves to be a team worthy of the support of every hockey fan in the Orchard City.

Good luck on Friday, Packers!

Oilers drop valley title to Kamloops

Kamloops Merchants came up with a 66-56 win over the Kelowna B.A. Oilers in the fourth game of the best of five series, and thus won the Okanagan senior men's basketball title three games to one.

The fourth game was played in the Kelowna High School gym before a good sized crowd.

Oilers and Merchants sparred a bit during the first few minutes as each team broke fast and had a saw battle for points.

Kelowna started pulling ahead as Bill Dean began hitting the hemp from all angles to lead the Oilers to a 24-24 half-time lead. After half-time Kamloops' coach Art Barton's boys came out to score 21 consecutive points, while the Oilers were only notching five.

Jack Fowles was the big gun in the second half attack, notching four consecutive field goals with hooks and lay-ups, to break the back of Kelowna. The visitors racked up a 57-41 lead before Kelowna started to rally, but it was too late as the Merchants hung on for the 66-56 win, and the Okanagan championship.

Foul shots spelled the difference in the game as Kamloops hit 24 times in 41 tries while Kelowna

managed 14 for 24.

Asked to comment on the loss, manager Bob Hall said: "We'll just have to start building for next year. It's getting awfully monotonous seeing Kamloops win the title every year."

SCORING

Kamloops: McKinnon, 16; Camp, 10; L. Fowles, 11; Boulton, 3; J. Fowles, 18; Buchanan, 8; Lyons, McDonald, Gurney, Glowacki. Total, 66.

Kelowna: Dean, 20; Weins, 7; Ball, Kane, 2; Reisig, 3; Weddell, Fairholm, 8; Blinston, 6; Tostenon, 10. Total 56.

Local shuttle players win

Kelowna Badminton Club was victorious in the five-club tournament held on Wednesday night in the Rutland High School, beating out Okanagan Mission club by points when their scores in games were tied.

Kelowna won eight of the mixed doubles, but dropped one game in the men's doubles, and two in the ladies' doubles. Okanagan Mission dropped two of the mixed doubles, one of the men's doubles, and won all the ladies' doubles, to tie with Kelowna, each of them having a 13-3 win-loss record.

Kelowna club received a shield made by Bert Seguss of the Anglican Badminton Club, which will be played for in inter-club play on a monthly basis.

Anglican and East Kelowna were tied for second place, and the United Church was the wireless cellar team.

Players in the tournament were: Kelowna club—Rosemary Stille, Lynne MacDougall, Murray Mackie, and Basil Melkie.

Anglican club—Anne Paterson, Val Winters, Bert Seguss, and Ray Bostock.

East Kelowna club—Anne Neil, Sylvia Blackburne, F. Turtin, T. Foote.

Okanagan Mission club—Nancy Johns, Molly Apsey, Buster Hall, Norman Apsey.

United Church club—Marge Burnside, Lynne Wright, F. Wright, R. Merriam.

Local youth wins brown belt in judo

A Kelowna boy is now one of the youngest holders of the judo junior brown belt in B.C., winning his belt in the Kelowna Judo Club after only ten months of training.

Ross Wood, son of Mr. and Mrs. H. C. Wood, 1278 Richter Street, was awarded the belt last Thursday by Shigeharu Nishi, a second degree black belt holder, and head instructor at the club. Wood is only 13 years of age.

Wood is the second judoka in Kelowna to win his brown belt after a very short period of training, the first being Eddie Wohl, who now holds his black belt.

Royal Canadian Mounted Police

THE FORCE PROVIDES A CHALLENGE TO QUALIFIED YOUNG MEN WHO ARE WILLING AND ABLE TO MEET THE DEMANDS OF A LAW ENFORCEMENT CAREER.

The prime requisites of a member of the Royal Canadian Mounted Police are intelligence, loyalty, integrity and courage. Service requirements frequently entail long hours, inconvenience and personal danger. Service benefits and advantages include a certain prestige, good comradeship, a measure of adventure and satisfaction through service to Canada.

If you are interested in a career in the Force, some of the qualifications are:

Age: Between 18 and 30 years,
Height: between 5'8" and 6'5",
British subject or Canadian citizen,
Unmarried,
Good physical condition,
Ability to pass an education test based on a Grade X level.

If you feel that you possess the basic qualifications, you are invited to apply at the nearest R.C.M. Police office or write to:

THE COMMISSIONER, R.C.M. POLICE, OTTAWA

Local civil defence unit ready to assist in event of spring flooding, says CD co-ordinator

Local civil defence unit is prepared to swing into action in the event of spring flooding and to assist municipalities if such help is required, Major G. E. Morris, civil defence co-ordinator of Kelowna and district, stated Tuesday night.

Major Morris made the comment in addressing a civil defence welfare class. He commended the instructor, G. C. Watkins, C.D. liaison officer of the provincial government for conducting the lectures. Referring to the films that were shown, particularly those depicting the Battle of Britain, Major Morris said the pictures portrayed what happened in England during the last war.

This could also happen here, he said, the only difference being that owing to the increased power of the present-day bomb, the damage to life and property would be more devastating.

The goal of civil defence organization in Canada is to have sufficient personnel so trained that it can deal with any disaster either civilian or military that might occur at any time and at any place," the speaker remarked.

The handling of evacuees from other disaster areas is the present prime consideration of The Kelowna and district civil defence unit. This could possibly mean the care and welfare of 30,000 disaster victims being taken care of by a Kelowna and district population of 15,000 of our citizens.

Only one of the many tasks which are assumed when you enroll in the service of the Canadian Civil Defence Corps. There are many other disaster problems with which we might be faced such as earthquake, flood, and also we must not lose sight of the fact that Kelowna and district is on the perimeter of a very important military target, the City of Vancouver. In these days of fast flying aircraft any deviation of course by the enemy, however slight, that might be caused by their error, could have disastrous result in our own vicinity.

At this time to fill all the needs of our municipal and district civil defence program, a very energetic effort will be made to have at least a well qualified skeleton organization of which you and other qualified personnel will be part.

To this end further various courses will be given from time to time by competent instructors, to which all interested citizens will be invited to attend.

"The very immediate concern of our local civil defence unit is the possible danger of spring flooding. For this purpose we must be prepared to assist the municipalities concerned if and when such assistance is required."

G. E. Morris, Kelowna and District Civil Defence Co-ordinator.

of Capt. Mrs. C. Sager, and led by the color party, formed up in horse-shoe formation. Ten mothers line up between Guide horse-show and Brownie ring holding up cards signifying tests that the Brownies had passed before flying up.

As the Brownies passed from their pack to the Guide Co., they were then reminded of the tests they had completed.

"GRAND HOWL" (This ceremony was followed by the "Grand Howl" in honor of those flying up. The girls were each given a gift from the pack. On being received into Guides the Brownies were allocated to patrols and a "Grand Howl" was given in honor of Commissioner Marsh and Brown Owl Mrs. Short.

Comm. Marsh presented second class badges to Guides Valerie Snowball, Shantana, Henrietta, Irene Dietrich, laundress proficiency badges to Michio Hadamaka, Elaine Hume and Elizabeth Werts. One year service star to Judy Hamilton, and a two year service star to Coral Burton. The trophy for inter-patrol competition was presented to the winners, the Sunflower Patrol.

In her remarks that followed Commissioner Marsh mentioned that the 1st Glenmore Company is in urgent need of adult leadership. She added that Capt. (Mrs.) Sager cannot carry on alone, and that unless leadership is forthcoming it may be necessary for her to resign. This would be fatal to the Company, Mrs. Marsh continued, appealing to the parents present to help out in this worthy work.

Tawny Owl Mrs. W. Hill, who assisted Mrs. Short, has resigned, and leadership is also required in this instance.

An impressive candle-lighting ceremony round the camp-fire, by the Guides, followed by Taps, and the "Queen" concluded an interesting evening. Displays of Guide and Brownie handicrafts were shown.

The monthly meeting of the Kelowna and District Girl Guide Association will be held at the home of Mrs. C. Curtis, 551 Buckland Ave., on Monday, March 12, at 8:00 p.m.

At this juncture the first Glenmore Guide Co., under command

of the Flying up Ceremony" commenced with Brownies Kay Ireland, Gaye Hayes, Linda Moir, Lisa Ratzlaff, Joyce Krenn, Shirley Strachan, Sherrie Postle and Judy Parfitt, all of whom have distinguished for promotion to Guides, placed gifts under Tootsford for their Brown Owl, Mrs. W. J. D. Short.

After forming "Fairy Ring" the District Commissioner, Mrs. T. G. Marsh, of Kelowna, escorted by a guard of honor of two Brownies, presented wings to the eight Brownies flying up. The "Wing" which is worn on the Guide uniform is a sign that the owner was a Brownie of first class proficiency and in possession of the coveted "Golden Hand."

power to get all the evidence it requires to investigate these expenditures fully.

It was felt by the opposition that this committee, to be effective, should at least have the same powers. However, the fact that the committee with limited power is being set up is a great improvement over the period prior to last year when we had no committee at all to deal with estimates. Three other departments will be referred to this committee, the first to be public health and welfare. The committee, will reach a majority decision regarding the estimates referred to them which will be later presented to the House as a whole.

The failure of Britain to enter the International Wheat Agreement has placed Canada in a position where our government is doubtful whether it is worthwhile to join an agreement with the nations that still belong to the I.W.A. Members from the farm areas of Canada have expressed the hope that the government will still remain a member of this body.

This is also the advice of the farm leaders from the wheat growing areas.

The withdrawal of Britain took place three years ago but sales of wheat from Canada to Britain have remained approximately the same as if an agreement had existed. Although under the agreement there would have been a fixed agreed price, as it is, Canada must compete for the British market with other exporters such as Australia, the Argentine and USA. It is in Canada's favor that she ranks high in the purchase of British exports but is placed unfavorably owing to her adherence to the dollar value in international trade. Britain has always shown preference for the world sterling area.

WATER CONSERVATION A private member, Mr. H. W.

Herridge, moved a resolution asking for a Dominion-Provincial conference on conservation with a view to establishing a nation wide policy on soil, forest and water conservation. He dealt chiefly with a need for forest conservation.

He pointed out that a good deal of research has been carried out particularly by the pulp and paper industry but it still needs the leadership and financial assistance of the federal government to place research on a satisfactory nationwide basis.

The government's view on this matter is that the prime responsibility for conservation of resources rests with the provincial governments and that any suggestion for federal participation should come from the provincial governments.

It is pointed out by Mr. Herridge that this principle has already been accepted in regard to the Trans-Canada Highway, old age pension legislation, and health grants, as well as income tax, all of which belong to the provincial field but, in these cases, the federal government took the initiative and leadership in co-operation with the provinces to bring about the services under these four departments which we now enjoy.

REINDEER HERDS Mr. Hurdle, member for MacKenzie River, gave a humorous talk with a serious underlying implication. He referred to the efforts made by the government to establish reindeer herds in his riding, indicating that reindeer was the life blood of the Eskimos and Indians who inhabit northern Canada.

The herds of Caribou and reindeer have been reduced according to his figures by 50 thousand a year, which creates a serious situation for the people dependent on this type of food. He also criticized the lack of protection for fur-bearing animals that have been trapped at such a rate, that each year the pets

grow less in

Another local student passes music exams

Sydney Bulman-Fleming is another Kelowna student who successfully passed his musical examinations with the Royal Conservatory of Music, Toronto, recently. Sydney, aged eleven, a student of his mother, Mrs. S. E. Bulman-Fleming, passed his grade two theory, with honors.

Names of other successful students were published in last week's Courier.

Concert proceeds to help

Staunch supporters of St. David's Presbyterian Church may finally see fulfilment of plans for new building

Staunch supporters of St. David's Presbyterian church who have faithfully carried on for years without a building, have now reached the point where, with help from head office at Toronto, their long-sought objective is within reach—a building in which to worship.

This small group holds regular services in the Women's Institute Hall, and by dint of constant effort has succeeded in fully paying for a lot on Harvey Avenue, on which they hope in the near future to build the church, for which plans are complete.

In aid of this building fund a concert is being given in the Empress Theatre on Wednesday evening, at which number of local artists are assisting.

The history of the Presbyterian church in the interior goes back, according to an account in the Okanagan Historical Report for 1933, to 1878, when the parent church was built in the Nicola valley, the first Presbyterian church in the interior of the province.

The Rev. Paul F. Langill came to Vernon in 1890, according to this report, and held services in Lequime's store here. In 1891 the Ben-ayon church was built by H. W. Raymer, and the first Knox church was built in Kelowna in 1897. During the pastorate of Rev. A. W. K. Herdman "the fine, new Knox church, the best in the valley, was built its cornerstone laid by Mayor D. W. Sutcliffe in 1909, assisted by the Hon. Price Ellison.

turning home Tuesday by train. The travellers were en route from Victoria where they visited Mr. and Mrs. Duncan's son and stopped off at Kelowna en route.

Hither and Yon

HOME FROM HOSPITAL... Mr. and Mrs. Barney White, Raymer Apts., have both left the Kelowna hospital and are recuperating at home. Mr. White suffered a severe heart attack, and while hospitalized Mrs. White sustained a fractured leg and as a result had also to be hospitalized. Both are making a good recovery.

COFFEE PARTY... Mrs. M. J. Evans entertained at a small coffee party yesterday morning at her home on Abbott Street.

HOLIDAYING IN VANCOUVER... Mrs. H. V. Dawson, Pendero Manor, are spending a couple of weeks in Vancouver.

Y.P.C. CONVENTION... Mr. and Mrs. Brian Weddell left today to attend the annual meeting of the Young Progressive Conservative convention being held in Vancouver this Friday and Saturday.

HOUSE GUEST... Mr. and Mrs. Percy Anstey, of Anstey Hatchery, Bernard Ave., and Vernon road, have as their house-guest the latter's sister-in-law, Mrs. Edward Northey, of Glenboro, Man.

HOME FROM PRAIRIE VISIT... Mrs. L. W. Marr, Christleton Ave., returned home recently from a trip to the prairie where she attended the marriage of her granddaughter, Miss Verna Chambers, at Saskatoon. The bride is the daughter of Mr. and Mrs. Vern Chambers, of Regina, where Mrs. Marr was a guest. At Saskatoon she was the guest of her son and daughter-in-law, Mr. and Mrs. L. F. Marr.

LEAVE OF ABSENCE... Miss Olive van Cooten, in charge of the Kelowna branch of the Okanagan Regional Library for the past five years, has been granted three months leave of absence, and is presently in Vancouver. Miss van Cooten came to Kelowna from Prince Rupert where she had charge of the library for sixteen years.

In charge here during Miss van Cooten's absence is Miss Nancy Stiel.

HOME FROM COAST... Cpl. and Mrs. S. E. Bulman-Fleming, Bernard Ave., have returned home from a brief visit to the coast, on which they were accompanied by their sons, Sydney and Brian.

KAMLOOPS MEETING... H. C. Hewlett left Tuesday for Kamloops to attend the ranger's meeting being held there this Wednesday, Thursday and Friday for rangers of the Kamloops Forest District.

VANCOUVER TRIP... Mr. and Mrs. H. M. Trueman, Glenwood Ave., left Wednesday for Vancouver where they are spending a few days.

MANITOBA VISITORS... Mr. and Mrs. A. Duncan, of Morden, Man., and Mr. and Mrs. Bob McLean, of Pilot Mound, Man., visited at the home of their aunt and uncle, Mr. and Mrs. O. Webb, 843 Cadder Ave., and many friends here, re-

WEEKEND AT COAST... Mr. and Mrs. Gordon M. Rivers, of Ave., accompanied by their son and daughter, spent last weekend in Vancouver.

AT PRESBYTERIAL... Mrs. T. F. McWilliams attended a presbytery meeting of United Church held in Penticton on Monday and Tuesday, when she spoke on the Arabian-Israeli question.

Double wedding will take place end of March
Mr. and Mrs. Roger Sugars announce the engagement of their daughter, Madeline Anne, to Morris MacKenzie E. Woodland, son of Mrs. S. Woodland, of Revelstoke, and of Gertrude Pearl, daughter of the late Mr. and Mrs. E. B. Nelson, formerly of Kingsville, Ontario, to their son, John Allan Sugars.

(The double wedding will take place on March 31.

Party honors concert artist
Dr. and Mrs. W. F. Anderson entertained the executive and directors of the Civic Music Association at their home on Abbott St. last Wednesday evening, in honor of the concert on that evening of Mr. Seymour Lipkin, the artist of the concert on that evening.

Mr. Lipkin left for Vancouver the following morning where he appeared as guest artist with the symphony orchestra on Sunday afternoon. He is currently continuing his tour of the western provinces as far south as Los Angeles.

An announcement in "Musical America" of last month states that Miss Irene Jordan, who appeared here in the first of the season's Civic Music Association concerts had just made her debut most successfully at Covent Garden Opera House, London, in the role of "The Queen of the Night," in Mozart's opera, "The Magic Flute."

Former Kelowna man engaged
Mr. and Mrs. Oscar Bainbridge, of Bella Bella, B.C., announce the engagement of their eldest daughter, Gwendolyn, to Barrie Aird Clark, son of Mr. and Mrs. W. O. Clark, of Kelowna. The wedding will take place March 10, at 3:30 p.m., at the United Church, North Vancouver.

Mr. Clark recently returned from England and other European points during which time he wrote a series of articles for the Kelowna Courier.

UBC alumni association fetes visitors
Members of the Kelowna branch of the University of British Columbia Alumni Association entertained at a no-host dinner Tuesday evening, at the Royal Hotel, in honor of Dr. G. M. Volkoff, G. C. Selman, UBC extension department and Dr. H. L. Campbell, deputy minister and superintendent of schools.

Covers were laid for forty guests and the floral decorations of blue and yellow daffodils carried out the university colors. The president, Miss Nancy Gale, welcomed and introduced the guests of honor including Neil Kerr and Alex Haig, Kelowna members of the panel. Following the dinner, guests and members of the high school for the panel discussion.

Dean Dorothy Maudsley, of UBC, was the guest of honor Wednesday afternoon at a tea given at the home of Mrs. J. MacLennan, Okanagan Mission, attended by the lady teachers and the executive of the Alumni Association.

Miss Nancy Gale entertained the panel members and the UBC Alumni executive at her home Tuesday evening, prior to the UBC Alumni dinner.

Picnic plans

Tentative plans for a garden party in June, with Social Credit members from all parts of the interior participating, and to which the general public will be invited, are being made by the Social Credit Women's Auxiliary. These ladies met for their regular meeting at the home of Mrs. W. A. C. Bennett, Ethel St., Monday evening, with Mrs. M. T. Pendleton presiding. The day of the month on which the garden fete will be held is not yet decided on.

Considerable interest was shown concerning tomorrow's discussion regarding a hospital for chronic patients, and the report of S.C. representatives to this meeting is eagerly awaited.

Local student graduates from Washington State

Included in the graduation list of the mid-semester graduation list at Washington State College is the name of Andrew Q. McCormick, son of Mr. and Mrs. Peter McCormick, 193 Marshall St., who received a B.Sc. in Zoology with honors.

Mr. McCormick's ambition is to take up medical studies, and he has been accepted at McGill university for the term starting in September. By dint of extra studies Andrew completed his term at Washington State recently, and after spending two weeks at home proceeded to Prince George, where he is with the PGE.

Chronic hospital to be discussed

Many organizations will be represented at the meeting being held tomorrow evening to discuss the possible establishment of a hospital for chronic patients, at which it is hoped many questions will be asked, as only by such discussion can the situation be truly assessed. This meeting is scheduled for 8:00 p.m. Friday, in the Health Centre, Queensway.

The general public is invited to this meeting which will be the occasion of the regular Kelowna Council of Women's meeting, at which it is hoped many questions will be asked, as only by such discussion can the situation be truly assessed. This meeting is scheduled for 8:00 p.m. Friday, in the Health Centre, Queensway.

Births

BORN AT KELLOWNA GENERAL HOSPITAL

BARR: Born to Mr. and Mrs. Alister Stanley Barr, 1432 Richter St., on Tuesday, March 6, a son.

KLASSEN: Born to Mr. and Mrs. Abe Klassen, 961 Clement Ave., on Tuesday, March 6, a son.

ANDERSON: Born to Mr. and Mrs. Victor Anderson, 530 Bay Ave., on Thursday, March 8, a daughter.

MARKLE: Born to Mr. and Mrs. James E. Markle, 575 Morrison Ave., on Thursday, March 8, a daughter.

Winfield blood donor clinic successful

WINFIELD—The Red Cross blood donor clinic was held in the Memorial Hall last Friday and 203 donors turned up.

The quota was 250 pints, but the committee felt the quota would have been reached had it not been for the prevalence of bad colds and the flu confining many persons to their homes.

Dr. M. C. Dobson was in attendance at both the afternoon and evening sessions. The breakdown of the donors is as follows: Okanagan Centre, 34; Winfield, 147; Oyanma, 17; and five from outside areas.

Mr. R. Berry Sr. spent a few days in Oliver during the past week.

Mrs. D. Carrawell is a patient at Vernon Jubilee hospital.

Mr. and Mrs. J. Lake spent a few days in Osoyoos last week.

Mr. F. Walters has returned home from Vancouver where he spent two weeks.

Mrs. V. R. McDougall spent the weekend visiting her family and Mr. and Mrs. W. S. Coxson in Spence's Bridge.

Friends wish a speedy recovery to Mr. J. Hein who is a patient in Vancouver general hospital.

Mrs. W. J. Coe is visiting with her son and family Mr. and Mrs. J. Coe in Penticton.

Mrs. C. L. Gunn and her daughter Mrs. Verna of Vernon, are visiting at the home of Mr. and Mrs. W. Goffie, in Queensway.

Rutland church women planning turkey supper

RUTLAND—The Women's Federation of the United Church met at the manse. Mrs. W. Quigley, the president, occupied the chair, and committees were appointed to arrange for the turkey supper to be held April 11, in the high school cafeteria.

Final details for the congregational dinner to be held in the church basement on March 19 were made. Mrs. Quigley was appointed as delegate to the WMS Presbytery meeting in Penticton. The Square Circle took charge of the devotional part of the meeting. Hostesses for the refreshments at the close of the meeting were Mrs. W. Richard, Mrs. E. Peel and Mrs. Quigley. The next meeting will be at the home of Mrs. F. L. Fitzpatrick on March 28.

Mr. and Mrs. Charles Stuart have sold their house and corner property at the junction of the Rutland and Leathhead Roads to Mr. and Mrs. Linz of Kelowna.

J. R. Schell has purchased Andy's Highway Service, near Finn's Hall.

Rutland AOTS fete ladies

RUTLAND—It was "Ladies' Night" at the Rutland A.O.T.S. meeting last Monday and about fifty people sat down to a "chow mein" supper prepared and served by Ben Lee, member of the teaching staff of the Elementary school. Other Chinese dishes and sauces were on the menu, and the members and their guests enjoyed the supper. Members of the local C.G.I.T., group waited on tables. After community singing, led by Kelley Slater, a program of games followed, and a number of interesting films were shown.

Paul Harris of Medford, Oregon, is visiting at the home of his parents, Mr. and Mrs. Ben Harris.

The sympathy of residents is extended to the Welter family, in the loss of their son, Eddie, who attended school here for many years, while the family was residing in the district.

Gibson girl reflected in film drama

The recent Hollywood trend to do "live" biography gave one of the most famous beauties of this century a rare opportunity to look at herself as she was 50 years ago. Evelyn Nesbit Thaw visited the Twentieth Century-Fox studio during production to pass judgment on the girl chosen to portray her headlined riddled life in the colorful CinemaScope film, "The Girl in the Red Velvet Swing," coming to the Paramount for three days, commencing next Monday.

Briskly alert and remarkably well-preserved for her 79 years, Miss Nesbit eyed young Joan Collins, a very decorative bit of English beauty, as she rehearsed one of the early scenes in the romantic drama with co-stars Ray Milland and Farley Granger.

"I'd come prepared not to like my counterpart," the original Gibson Girl snapped. "But if that beauty and radiance is captured on the screen, she will really be Evelyn Nesbit."

Taking a more appreciative view of the 22-year-old green-eyed brunette on this expert recommendation, the film crew could not mistake the most sensational news stories of modern times when one of the world's wealthiest men killed one of the world's most gifted architects over the affections of the willful Broadway darling.

Evelyn Nesbit was the pin-up girl of her day—immortalized by artist Charles Dana Gibson and idolized by the bon vivants of New York's society "400," appearing at the Casino Theatre as one of the Floradora Girls. Among her many suitors was the celebrated architect Stanford White who entertained her at his studio apartment where she used to ride a garlanded red velvet swing. Eventually Evelyn broke off the hopeless affair and married the heir to a Pittsburgh

steel fortune, Harry K. Thaw. He was unable to forget that his wife had been White's mistress and so, in an impassioned moment, he killed his rival.

HUNTING INSURANCE
The Yarmouth County Game Association has voted against Sunday hunting, but for a proposal to limit deer bags to one animal a season. It also favored some form of insurance to reimburse farmers for animals lost at the hands of hunters.

Yummy! Chelsea Bun Loaf

A treat you can make easily with new

Active DRY Yeast

Now you have Fleischmann's Active Dry Yeast, forget about the old time hazards of yeast baking! Always at hand—always full-strength and fast rising! Keep a month's supply in your cupboard! Make this delicious Chelsea Bun Loaf—cut in slices for buttering, or separate the buns.

CHELSEA BUN LOAF

Make 3 pans of buns from this one recipe—dough will keep in refrigerator for a week.

Scald $\frac{1}{2}$ c. milk, $\frac{1}{4}$ c. granulated sugar, $\frac{1}{2}$ tsp. salt and $\frac{1}{4}$ c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl $\frac{1}{2}$ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Active Dry Yeast. Let stand 10 mins. THEN stir well. Add cooled milk mixture and stir in 1 well-beaten egg. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in $2\frac{1}{2}$ c. once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Cut off $\frac{1}{2}$ of dough, knead into a smooth ball, place in greased bowl, grease top of dough, cover and store in refrigerator until wanted. Shape remaining $\frac{1}{2}$ of dough into a smooth ball, place in greased bowl and grease top. Cover and set in warm place, free from draught, let rise until doubled in bulk. Grease 3 lbs. butter or margarine and blend in $\frac{1}{2}$ c. brown sugar (lightly preheated), $\frac{1}{2}$ tsp. ground cinnamon and 3 lbs. corn syrup; spread about $\frac{1}{2}$ of this mixture in bottom of a greased loaf pan ($9\frac{1}{2}$ x $5\frac{1}{2}$ x $3\frac{1}{2}$) and sprinkle with pecan halves. Punch down risen dough and roll out into an 8" square; broken dough. Spread with remaining sugar mixture and sprinkle with $\frac{1}{2}$ c. raisins. Loosely roll up like a jelly roll. Cut roll into 6 slices. Place in prepared pan. Grease top, cover and let rise until doubled in bulk. Bake in moderate oven, 350°-375° for 35-40 mins. Let stand in pan for 5 mins. before turning out.

Compete in figure skating championships

Kelowna's hopes in the figure skating championships to be held in Saskatoon on March 16-17 will be riding on the shoulders of John Franks, left, and Tony Griffin, right, two members of the Kelowna Figure Skating Club who will be trying for honors at the meet.

A win by either one of the local high school boys will give them the chance to go on to domination competition. Both boys will also be entered in the Okanagan-Mainline championships in Kamloops on March 24-25.

Owlettes win hoop tourney

The Owlettes, Kelowna High School basketball team, went through to victory in the annual Okanagan Valley Senior Basketball Tournament in Oliver recently.

The tournament champions, coached by Miss Isabel Leask, also placed two girls among most valuable players, on the roster of the all-star team. Eileen Cryderman and Beverley Pitt were the two girls chosen by Judges Bill Boyd coach of the Penitence High School Lakers; William McLeod, principal of the Osoyoos Junior High School, and former UBC Thunderbird star, and William Besset, former Okanagan Valley basketball great. Miss Pitt is the current holder of the Augie Clancione Award, for being the outstanding junior athlete in Kelowna.

Assessor will attend parley

City Assessor James Markle will attend a special assessors' course to be held in Victoria, April 4-6. K. E. B. Whitman, assessment commissioner, informed council this week that the course is designed to help assessors attain a uniform approach to assessments. B.C. government will pay \$30 a man for the three-day conference.

Large retail firm interested here

During the past several years there have been recurring rumors that this or that large mercantile firm has been interested in property here. During the past six months these rumors have been recurring with increasing strength. A few weeks ago the rumor that one such firm had purchased certain property outside the city was widespread, but was without foundation in fact. However, the Courier now understands that one of the country's large mercantile establishments has made certain arrangements for property within the city and, while arrangements are not completed, action will be taken soon.

City electrical consumption up

Electrical consumption during the month of February showed an increase of 21.5 percent over the corresponding month last year, Alderman Art Jackson informed council this week. Although there was one extra day in the month (leap year) which accounted for 3 1/2 percent of the increase, Mr. Jackson said the net increase would never-the-less be 18 percent over February, 1955.

(Continued from Page 1, Col. 3)

ing placed upon the citizens," was the opinion of G. R. Selman, of the department of extension at UBC. "I do not think that our students are being taught enough civics, that is, current affairs."

He said that the only course available in schools that any appreciable amount of civics is taught is History 91 in which only eight weeks is given to the period of years from 1918 to the present time.

He believed that that period was one of the most important periods in the development of the country. He went on to say that he thought teachers should stress these points: How laws are made and how they affect the public; parliamentary procedure; foreign policy; a study of current affairs; a study of the organization of newspapers and news gathering agencies, and how to get the most out of a newspaper.

"We cannot," he said, "count upon the social studies class alone. Every class must be a citizenship class. The home and the community have a great part in developing civic minded citizens."

Dr. H. L. Campbell, deputy minister and superintendent of schools, concurred with the previous speakers.

"As a society changes," he said "education must change. It must change to meet changes in a changing world."

He went on, "In 1991 only three out of every 1000 students attended high school. Today there is adequate secondary education for everyone."

Quoting figures, he said, in 1953 30 out of every 1000 students attended high school. Dr. Campbell said whereas ten years ago a student entering university had to take a given number of courses, now he (the student) has his choice of a wide field of subjects he can take to enter varsity.

In concluding the discussion, Neil Kerr, Highland high school teacher, who acted as moderator, believed that the evening's talk was summarized on one sentence. "A student now—in the atomic age—can receive as much education as he demands."

Ex-railway man Charles Newick dies in hospital

Funeral services will be held at 2:30 p.m. on Friday, for Charles Newick, 1304 Ethel St., who died in Kelowna General Hospital, Tuesday, at the age of 86 years.

Born at Harbour Grace, Newfoundland in 1869, the late Mr. Newick moved to Montreal in 1878, where he was employed with a printing concern. Married in Montreal, Mr. and Mrs. Newick went to Hamilton, Ont., where Mr. Newick was employed in an iron works plant for a number of years.

Moving to Vancouver in 1919, Mr. Newick entered the employ of the C.N.R., remaining with the railroad until his retirement in 1940. Mr. and Mrs. Newick came to Kelowna in 1930, and Mrs. Newick was superannuated in 1940.

Mrs. Newick predeceased her husband in 1950. One son predeceased his parents in 1903, another in 1935 and a third son in 1954.

Surviving are three sons and three daughters; Woodrow (Bud), in Kelowna, Edward, in Portland, Ore.; Paul in Whalley, B.C.; Julia (Mrs. E. Call) Duluth, Minn.; Evelyn (Mrs. R. Harvey, Salem, Ore., and Dorothy (Mrs. H. Lindroth), Rutland. Also surviving are 17 grandchildren and nine great-grandchildren.

Rev. W. S. Angel, of the Free Methodist church, will officiate at the funeral rites to be held from Day's Chapel of Remembrance tomorrow afternoon. Interment in Kelowna cemetery; Day's Funeral Service Ltd. in charge of arrangements.

Ski trails

By JUNE BURMASTER

Last Sunday at the Ski Bowl saw Verne Ahrens spending considerable time over on the jump hill with several of the Junior and Intermediate skiers who have taken a sudden interest in jumping. Spurred on, likely, by the recent invitational jump meet held in Kelowna, these young boys are beginning to show promise and under Verne's capable coaching are developing correct techniques. In another year or two, Kelowna may be sending her competitors to the valley and provincial jump meets.

It is not commonly known that ski jumping is actually the safest form of skiing, but those who are connected with the sport say that this is not just idle talk. Knowing this, parents may not shy away from permitting their sons to jump if they take a keen interest in it.

This weekend will see a group of senior skiers travelling to Rossland for a weekend of skiing. However, the Black Mountain Ski Bowl will likely be a hive of activity this Saturday and Sunday as other local enthusiasts swarm together to make the most of the club facilities while the snow lasts. Though there will undoubtedly be snow up at the bowl until the end of March, the road may not be in shape, still only time will tell.

This evening will see the jump tournament committee re-hashing the efforts that went into the show this year with the view of setting up a complete report to assist other committees in planning jump meets in future years in Kelowna.

Under the chairmanship of Verne Ahrens, the committee worked conscientiously to provide a worthwhile show for the citizens of Kelowna and at the same time raise funds to put the Kelowna Ski Club on a sounder footing financially.

Last effort for this season will be the club tournament, with skiers of all ages taking part.

RCAF evades responsibility

During the war casualty telegrams were a frequent occurrence and the families of those in the services were more or less prepared for them. Certainly, at least, they were aware that they could come. But, even so, as reasonable precautions as could be taken to see that the arrival of the blow was softened as much as possible.

Today, in peacetime, the situation is quite different. Service in any of the armed services does not create any more anticipation of casualties than does any other position. Service casualties are the result of accidents just as these occur to civilians on our highways and in the normal course of living.

But the service has retained the wartime notification practices and these are not good enough in peacetime. The air force is the service particularly concerned because, unfortunately, it is the service which experiences the most peacetime casualties. When an accident does occur and the next-of-kin must be notified there is a routine to be followed which involves the telegraph company delivering the message, obtaining a receipt and reporting delivery back to the RCAF. This is all very well from the RCAF point of view but it throws the responsibility upon the telegraph company, where it should not be. The whole system provides an easy out for the air force and is a system which, while it may be satisfactory in war-

time, certainly is not in peacetime.

There is no good reason why the air force could not appoint a representative in every major centre to handle such matters. The information could go to him and he arrange for it to be placed in the hands of the next-of-kin. Certainly a RCAF representative would be in a better position to handle the affair satisfactorily than is the representative of a third unconcerned party. There is no reason why the RCAF could not appoint such a representative here and in every other town and community in the country. Certainly there are enough former air force personnel available to make this possible.

The difficulty is, of course, that this to the air force is a small and incidental matter and as the old routine is set up, why should it be changed? However it is no small matter to the next-of-kin and others concerned and the RCAF—and perhaps the other services as well—should disturb its placid routine enough to adjust this small but important matter of advising next-of-kin.

There is no need to involve a third party, the telegraph company. To do so is but putting the responsibility where it should not be. The RCAF is the responsible party in the matter and it should assume that responsibility and take steps to improve the method of handling the few peacetime casualty announcements that are necessary.

County governments needed?

With increasing population many section of British Columbia under the present administrative organization are experiencing difficulty in integrating services so that each section bears its fair proportion of the costs. The time would seem to have arrived when this province should consider the establishment of an additional type of government.

We have in mind the county council type which is used in other provinces and cite Ontario, in particular, because we are familiar with county councils of that province. There certain contiguous areas are joined together to form one county which administers certain things in the area such as main roads, not provincial highways, hospitals, old people's home and other projects which serve the whole area. These are administered by the county council which is composed of representatives from each of the townships, villages, towns and cities within the council. Representation is based on population and the county's revenue comes from taxes which are collected by the individual municipalities and turned over to the county.

In British Columbia we do have counties but they are used for legal purposes in particular and as outlined at present would not be suitable for local government. On the other hand the Central

Okanagan as defined by the present School District No. 23 would be suitable. This is an area which has common interest in roads, schools, hospital, old people homes, chronic hospitals, general health and many similar projects. A county council for this area would consist of one, or two representatives from the various units, according to their population—Kelowna, Glenmore, Westbank, Peachland, Okanagan Mission, Benvoulin, Rutland, Winfield. It would handle problems common to all.

This is by no means the only area in the province which needs some form of over-riding government. It would seem that almost every area in the entire province is in a similar position. Some steps, such as the school districts and the regulated rural areas, have been taken. It is true, but these do not go far enough and probably would be unnecessary under the county system. There is, for instance, a very real need for some expansion of hospital control and financing.

British Columbia perhaps might do worse than borrow for itself the setup in, say, Ontario. Action should be taken fairly quickly because under the present system and the pressure of increasing population and its demands, confusion can only become more confounded.

Mixed freight

By G. E. MORTIMORE

Excellent plays odd tricks on the mind. Some people rush a blazing house with an armful of old magazines and forget to save the family jewels.

A man I know was present when a country cafe took fire. The fire was out of control, and he asked three passing workmen to help move goods out.

They ran inside, still carrying their lunch pails. Somebody drew attention to the lunch pails, and they rushed out and dumped them, then returned to the salvage job.

One of the men carefully removed the tops of several counter stools (useless without the base) and carried them out.

When a large boarding school burned down, helpers carried out such goods as corn flakes but forgot the silverware.

Sometimes children sacrifice their lives to have a favorite toy.

I know of a four-year-old girl who discovered a fire in her basement. The first thing she did was to move a pedal car and tricycle away from the flames. She tried to move other toys, but by this time she was in danger of being cooked alive. So she ran and told her mother there was a fire in the basement, and would mother please come down and save the rest of the toys.

Under excitement, many grown-ups become child-like, and lose their sense of proportion.

An army veteran tells me that the psychology of looting is much like the psychology of fire.

Advancing into Germany, he and a party of men came upon a house freshly vacated by a high Nazi official. Breakfast was still warm on the table. The treasures of the place included priceless tapestries, fur coats and a stamp collection worth thousands.

My friend was aware that anything in the house, from the radio to bathroom fixtures, might be booby-trapped with explosives. But

Sewer survey report made to council

Capacity of the city's sewage system will have to be increased to meet the needs of an expanding municipality.

This was indicated by D. R. Stanley and Associates Ltd., following a cursory examination of the sewage plant. Similar survey was undertaken by Reginald Bowering, director of B.C. governments division of public health engineering. Mr. Bowering's report is expected within the next few weeks.

D. R. Stanley offered to prepare a report for the city at a cost of \$1,200. Matter was tabled pending receipt of Mr. Bowering's report.

In a preliminary survey, Mr. Stanley pointed out that with consideration being given to expanding the size of the city and enlarging the sewage system, it is important that extensions to treatment facilities be planned in the near future.

EXPANDED PLANT
Of the existing facilities, it is probable that only the trickling filter can be utilized in the expanded plant. Mr. Stanley did not think the present primary treatment units are recommended for expanding the plant. These would probably be replaced with primary sedimentation and separate sludge digestion.

"We would recommend that a preliminary report be prepared on booby-trapped with explosives. But

he was excited, and bent on learning from all those rich things he grabbed the nearest object, which happened to be a chest developer, the kind of wire gadget used in cheap muscle-building courses.

That was all he took. Shortly afterwards he saw another looter emerge from a house with a gully, triumphant grin, carrying his prize: a worn towel with holes in it.

problem in Kelowna: This report would include the examination of the population trends; determination of present sewage flows to arrive at a per capita flow which coupled with the population predictions can provide an estimate of future sewage flows to be expected at the plant. On the basis of these estimated future flows, long range planning of the plant construction can be done. Investigations of various methods of increasing capacity of the present plant to satisfactorily handle existing and expected flows for a reasonable time in the future, will also be necessary," Mr. Stanley said.

On the basis of this report, council could proceed to raise the necessary money for the plant expansion.

The Ogopogo Pool Murder

(Editor's Note: Following is the first of three installments of the Kelowna Rowing Club's whodunit murder mystery. It has been written by W. Carruthers and \$200 will be paid to the person offering the best solution and who is an associate member of the Kelowna Rowing Club. There are second and third prizes.

The solution of the story is known only to the president and vice-president of the Kelowna Rowing Club and it has been deposited in a sealed envelope with Mr. A. E. Walters, who, with the president and the vice-president will constitute the judges.

Any participating member of the Kelowna Rowing Club must:

1. Give the murderer's name.

2. Give a simple explanation of how murder was accomplished.

The complete story is being published in the Kelowna Courier on March 8, 12 and 15, and will be broadcast over CKOV at 5:30 p.m. Sunday, March 11th; 8:00 p.m. Tuesday, March 13th; and 5:30 p.m. Sunday, March 18th; Capital News, March 8th, March 15th and March 22nd, carrying cartoons.

The contest is open only to the members and associate members of the Kelowna Rowing Club in good standing for 1956.

Each member may submit one solution only.

The decision of the judges shall be final.

Any person may become an associate member of the Kelowna Rowing Club by including the membership fee of \$1.00 with his application for membership.

SKETCH OF THE SEATING ARRANGEMENTS

Edge of Ogopogo Pool
Women
Slackford 3 4
9 5 10 6 11 7 12 8 13
14 15 16 17

Seat Number 1—Flaxton; 2—Mrs. Flaxton; 3—Nina Bellington; 4—Bellington; 5—Uma Singh; 6—Smithson; 7—Joan Musray; 8—Stanger; 9—Markland; 10—Karl Luberg; 11—Marie Luberg; 12—Mark Luberg; 13—Anna Luberg; 14—Charles Musray; 15—Susan Musray; 16—Beatrice Stanger; 17—Martha Cranbrook.

Under blue skies and brilliant lake's depths, to watch the colorful Okanagan sun, Kelowna's regatta sequences unfolded by the swimmer was drawing to an end. That evening in the pool that bore his name, as the gathering dusk fell, slowly, with perfect precision, the haunting, velvet black mountains evolutions of the Aquacade reached against a translucent western sky, a climax, the soft music of the P.A. the Ogopogo Pool rippled to the system burst into a thunderous rhythmic movement of the Aqua-crescendo, there was a kaleidoscopic ballet in their water ballet. Perhaps change of lighting and a weird fitting, Ogopogo, himself, and who could gure shot up from the Pool's depths. Suddenly slipped quietly from the amongst the Aquabelles. Suddenly solutely certain that no contrivance

two women in the crowd screamed uncontrollably. A spotlight swung in their direction and in its steady beam could be seen the two struggling, screaming women, half covered by the slumped body of a man, who had been sitting behind and above them. From between his shoulders projected the handle of a knife.

"Please keep your seats, everybody!" ordered a voice over the loud speakers. Lights blazed up everywhere and an awe-struck crowd saw that the Royal Canadian Mounted Police had already taken charge of the situation and were manning all the exits from the grandstand. Gradually all those far from the murdered man were allowed to depart.

The RCMP Sergeant asked the thirty or so people, sitting near the dead man, to accompany him into the club lounge for a preliminary questioning. After establishing their identities, obtaining their addresses and exact position in the grandstand in relation to the murdered man, they also were allowed to depart. Not one of them admitted seeing or hearing anything that could be connected with the murder.

Meanwhile the body had been removed for identification and examination. The knife proved to have been made from a steel used for sharpening knives. The guard and handle had been ground to the same diameter as the main part of the steel and the point was sharpened so that the whole thing resembled a slim spike. Covering it was a light film of grease, as if to prevent rusting. There were no finger prints. The knife was suitable for throw-Ogopogo, himself, and who could gure shot up from the Pool's depths. Suddenly slipped quietly from the amongst the Aquabelles. Suddenly solutely certain that no contrivance

of any sort had been carried out, due to the immediate alarm and the rapidity of turning on the lights and manning the exits, the police were reasonably sure that, if any such thing had been used, it would have been found either under the seating or in the pool. Nothing was found.

The knife entered the body in a slightly downward course, but the murderer might have been anywhere in a half circle drawn behind the murdered man, with his body in the centre, depending on the way he was struck. As he was opposite the would secure him an advantage. He centre of the pool, there was no way of knowing which way he was actually facing as he watched the Aquacade. The lighted pool would

silhouette the victim for anyone behind him, as he was sitting in the second row from the bottom. The murdered man was identified as Mr. George Slackford, 60 years of age, unmarried and suspected by the police as an important link in the narcotic trade, but against whom they had, so far, no definite evidence. Upon examining his private safe and papers, the police obtained ample evidence of his connection with the drug traffic and further evidence that he indulged in blackmail and any other form of extortion that was lucrative or was opposite the would secure him an advantage. He centre of the pool, there was no way of knowing which way he was actually facing as he watched the Aquacade. The lighted pool would

Local airmen receive wings

F/O GLEN KENNETH DOWLE

F/O BARRY HOLTON SMEEHT

These two airmen recently received their wings when they graduated from basic air interception course at No. 2 Air Observer School, Winnipeg.

They are shown being presented with their wings by Commander L. B. McIlhagga, CD, Commander of HMCS Chippawa. F/O Dowle is the son of Mr. and Mrs. F. C. Dowle, 1274 Richter Street, and F/O Smeeht is the son of Mrs. E. H. Smeeht, now living at Kitimat.

After graduation, they attended a three-week survival course at Cambridge Bay, Victoria Island. At the completion of the course, they were promoted to flying officers, and they have since returned to Kelowna on a month's leave. F/O Smeeht will spend several days with the Dowle family before going to Kitimat to visit his mother.

They joined the RCAF in November, 1954, after graduating from Kelowna High School.

Glenmore community club notes

GLENMORE — At an executive meeting of the Community Club providing refreshments. Members held at the home of president Sam will be admitted free of charge, and Pearson last Sunday evening, plans a nominal admission for non-members. The executive is hopeful that be held in the activity room of the there will be a large response.

Glenmore School on Wednesday. A report was tabled by the ladies evening, March 14, with bridge, auxiliary to the community club on whist, cribbage, and canasta planned. Plans are being made for month. Plans are being made for another card party in addition to

Community Chest reports

(Editors Note.—This is the first of a series of reports from the fifteen participating agencies in the Community Chest. Further reports will be published from time to time in The Courier.)

CANADIAN ARTHRITIS AND RHEUMATISM SOCIETY

In submitting this annual report to you of the Kelowna Branch, sight in the city and adjacent districts is one of 28 branches of the Canadian Arthritis and Rheumatism Society I do so with a certain amount of gratification that the year of 1955 was a very successful one with our society generally, but more so with our own branch here in Kelowna and district.

During the first part of the year we had the misfortune to lose the active participation of our president, A. C. Coates due to ill health. However with the full co-operation of the members of the board of directors we were able to carry on and can now look back over the year with a certain amount of pride in what has been accomplished.

Miss Dagny McGregor our physiotherapist resigned to leave for the Old Country and her place was taken by Miss June Williams. Miss Williams came to us in September and, in the short time she has been here, has done many wonderful things for patients which have given them a new lease on life and has all round created new interest in our work. She has, in conjunction with the Women's Auxiliary Welfare Committee, planned comforts and self help devices for those patients confined to their homes as well as those who were not. These devices included magnetic pick-up sticks, adjustable bed-rests, cutlery with built up handles, canes with long handles and even gadgets to help one put on stockings and shoes. A patient has had a telephone installed and so set up that her crippled hands can operate it. There have been many other things made, too many to mention all, but the most important result is that many patients are now finding they can do little jobs around the home they were not able to do before.

Under the supervision of Mrs. O. Jennens, arts and crafts classes have been formed and patients are now receiving instruction in leatherwork, weaving and mosaic making and other crafts. The results are amazing and while patients are slow at making things which is understandable, due to their disability, on the whole more than the making of the articles is being accomplished. A new life has been opened up for many who previously have had no incentive along these lines, but now look forward to every class with almost unheard of eagerness. We hope in time at some future date to have a display of some of the work these patients have done shown at some public bazaar or in some store window.

WOMEN'S AUXILIARY.

Our women's auxiliary, which at the beginning of the year when it was formed only numbered about three to a half dozen now has about 32 members and they have provided parties for patients, scenic drives and garden teas all of which have created a new life for many who would otherwise be living a dull existence indeed. We are proud of our auxiliary.

One of our patients was sent to our Rehabilitation Centre in Vancouver and after returning has been able to take a part time job during Christmas and in otherwise making a new life for himself. If we have accomplished little else, this alone is something that we can mention with satisfaction.

During the year this branch, in addition to the allocation received from the Community Chest raised \$2,401.70 in our canvass of the outside areas which are not in the Community Chest and a total of \$750 was received from patients for treatments.

Kelowna and district has done a magnificent job as far as our Society is concerned for we are one of the 11 branches in B.C. which is self-supporting. Perhaps I shouldn't mention this as it might create an impression that we will not need as much in the way of funds this year, but I feel that where credit is due it should be given. For your information our physiotherapist who only gives treatments under a medical doctor's instructions informs the patient that the regular fee is \$3.00 per treatment. However if a patient cannot pay this, they are permitted to pay what they feel they can but in many cases they pay nothing but nevertheless receive the treatments as long as they require them. No one is refused treatment, so the donations made through the Community Chest or by donations during our campaign in the outside areas keeps this service going.

Our physiotherapist who visits Winfield, Rutland, Westbank and Peachland, has travelled 5,637 miles during the year and has given 2,539 treatments as follows: clinic 1,450; hospital 478; home 616. There has been 114 new patients added to our files with 87 discharged on follow-up. Nine patients were referred by their doctors to Dr. Fenwick who is our society's medical consultant, when he visited Kelowna in October.

Rutland high school

Organized by Dorothy Gregg, the seance club paid a fruitful visit to the Kelowna Creamery, the group being escorted through the plant by George Johnson, milk inspector for the Interior of B.C. All phases of the pasteurization of milk and the production of butter, ice cream, cheese, chocolate milk, etc., were explained in detail.

The last part of the trip was a visit to the laboratory where milk is tested for butterfat content, sediment and bacterial count.

ANNUAL

Slowly the club is gathering picture material, art work and literary material for the year's annual. Until the individual pictures arrive, however, we will not be able to start on class pictures.

The club is still seeking baby pictures of the graduates, and any information on previous graduates.

FUTURE FARMERS

The Future Farmers' Club held a field trip to the Kelowna Creamery where George Johnson explained all the testing procedures for milk once it reaches the plant.

BASKETBALL

Junior boys' and girls' basketball teams travelled to Westbank on Tuesday, February 28, where the Rutland junior boys won by a score of 35-10. The Rutland junior girls won by a score of 24-19.

BARN BLOCKADE

KERRROBERT, Sask. (CP)—Abe Wright found his barn door frozen shut each morning by manure packed carefully against the door and frozen. A mukrat had moved into the barn and sealed the door against draught.

Trepanier

TREPANIER — LAC Stanley Mitchell is back in Trepanier pending discharge from the RCAF. Stanley has completed three years service in the air force being stationed first at the Sea Island base and later at Comox.

A large produce truck accidentally cut one of the power lines to Trepanier store while being turned around. Fortunately the B.C. Power Commission truck and two employees were three miles north of here. It was only a few minutes work for them to replace the cable, thus no damage done.

There are two cases of influenza and one new case of mumps here at present. The prolonged winter weather has resulted in a noticeable increase in minor illnesses.

Bill Champagne has obtained a position with the Hoover company, and will be moving with his wife and young son to Penticton shortly.

EUROPE

NOW — is the time to plan for that trip abroad. Fly TCA Super Constellation at the lowest fares to the U.K.

Remember when you fly, there is no tipping, no extras — your air fare is all you pay.

See your Travel Agent or call TCA in Vancouver at TATLOW 0131, 636 Howe St. (opp. Georgia Hotel).

Educational tour

Young British Columbians attending the Youth Training School at the University of B.C. spent an educational afternoon in the British Columbia Building of the Pacific National Exhibition at Vancouver recently. The building is open free to the public daily, and contains not only the giant relief map of B.C., (80' x 76') but also the Lipsett Indian Museum and government and industrial exhibits.

Grouped around part of the B.C. Electric exhibit are, left to right Ben VanLeur, Midway; Klaus Newmann, Grand Forks; Thomas Lipkovits, Kelowna; Otto Blaskovits, Kelowna; Peggy Ties, North Pine and Kathy Bostock, Rock Creek.

The students are taking a two months course in agriculture, fishing, home arts and related subjects, under the Dominion-Provincial Training Plan. Graham Drew is principal of the school.

Annual cost for education works out \$50 per person

"Education is everybody's business," is the slogan being used across Canada today as Canadians observe Education Week. A comprehensive program has been lined up locally in an effort to acquaint residents with what is being done in the way of education.

It is sometimes said that what is "Everybody's Business" is Nobody's Business. This is not true of education.

Over 100,000 teachers, several thousand school board officials and hundreds of provincial departmental officials are giving full-time service to approximately three and a half million students enrolled in Canada's elementary and secondary schools.

Almost 100,000 public-spirited men and women are giving long hours of voluntary service as members of Canada's 22,000 school boards and over a quarter million parents have allied themselves with home and school and parent-teacher associations actively promoting better schools for Canadian children.

Add to these the thousands of citizens serving on education committees of service clubs, boards of

Oyama community club hears annual report

OYAMA — The annual meeting of the Oyama Community Club was held in the Oyama memorial hall with president J. S. J. Gibb in the chair.

Following the reading of the minutes of the previous annual meeting, Mr. Gibb expressed his personal thanks to the members of the retiring committee for their co-operation and assistance during the past year, then presented the report of the committee. The report showed that the committee had put in a very active year and many community efforts had been sponsored and carried out with the aid of the other organizations within the community. A kitchen in the hall has been finished and the heating of the hall improved.

The fall fair was a financial and social success, although the number of exhibitors were lower than hoped for. This year Mr. A. Arne, of the Ranch Supply Co., presented a trophy to go to the exhibitor showing the best plate of "Fruit" which went to Mrs. B. M. Tucker of Oyama. Other affairs included May Day celebrations, the Halloween party and the combined Christmas party for the Oyama children.

The financial statement shows the club to be in a sound financial position.

Reports from other committees included the report of the emergency committee, given by the chairman of the committee, H. D. Butterworth, who outlined the work the committee had carried out in installing an automatic telephone alarm system, the various meetings the committee has had with Fred Little of Vernon and Mr. Jack of the fire marshal's office, with the object of learning what type of fire fighting equipment was suitable for the community and what field was open to financing such equipment. The committee was asked to continue serving for a further year, when the matter would be again taken under consideration. The committee received authority to make a yearly donation of \$14.32 towards the cost of operating the alarm system.

The meeting approved the emergency committees plans to proceed with some form of fund raising enterprise and the holding of a public meeting with representatives of the fire marshal's office and the dept. of municipal affairs.

Mr. D. J. Eyles, as chairman of the Christmas party committee tendered his report and recommendations of the 1955 committee.

Following a recess, the election of five members to sit on the 1956 committee was held. Elected were Garnet G. Sproule, Mrs. R. Somerset, Mrs. W. Dungey, D. F. Elliott and T. Gorke. A. W. Gray was re-elected auditor, a position he has held for a number of years. The members elected will serve for two years.

Mrs. D. S. May outlined what had been done regarding the formation of a community chest in Oyama and the meeting passed a motion that the executive should appoint two representatives to attend a meeting to be sponsored and arranged by the Kalamalka women's institute, to inquire further into the practicability of forming a community chest.

Rev. R. W. S. Brown, on behalf of the Anglican diocese presented the deed to the cemetery plot to the club, bringing to a close several years negotiations.

The meeting passed a motion to appoint a committee to administer and look after the cemetery.

The appointment of a new civil defence co-ordinator, made necessary by the resignation of T. D. Shaw-MacLaren, was left pending further information.

The rates charged for the hall were discussed and a motion was passed recommending reducing the rate, and the chairman assured the meeting that the rate schedule would be taken under consideration.

Discussion regarding sports equipment, finishing the exterior of the hall and other local matters took place with no definite action being taken.

Westbank Scouts hold father, son annual banquet

WESTBANK — The ladies' auxiliary to the Westbank Boy Scouts Association played host to the group's annual father and son dinner recently.

Guests in attendance were District Commissioner Don Balsillie; District Scoutmaster Des Oswald and L. A. N. Potterton all of Kelowna and Arthur Basham of Westbank.

Mr. Oswald in his address said the community has every reason to be proud of the progress made by the Scout movement in Westbank. They had first-class leadership from Scoutmaster Thompson down, he said, and he hoped that the community would continue to give them the support they deserved.

Assistant Scoutmaster Basham, Cubmaster M. Black and assistant Cubmaster O. G. Walker all spoke briefly. Scoutmaster Thompson took as his topic "Court of Honor"

and explained its operation and objectives.

The evening closed with showing of films with commentary by Lance Potterton.

Mr. and Mrs. J. Basham Sr. of Penticton, visited their new grandson at Mr. and Mrs. David Basham's recently.

Pat Hopkins is in hospital where she had an operation on her knee following an injury suffered while playing volleyball at school.

Rev. Northrup will conduct services during Lent in St. George's Anglican church from March 5 to 9.

Mrs. A. Stanley has been visiting relatives in Penticton.

"The Maggie" was the title of the film shown in the community hall Friday.

Dr. Huitema and family and Mr. and Mrs. Cal Cameron are ill with the flu.

Here on account of the serious illness of their mother Mrs. W. A. MacKay are, Mrs. A. P. Atkinson, of White Rock, Miss Aimee Mac-

Kay, of Sardis, and Miss Dirlle MacKay, of Ellensburg, Washington.

Mrs. Chas. Bently has gone to Vancouver where she will stay for some months.

Miss E. Sumpter has returned home from a lengthy stay in hospital.

Mr. and Mrs. Paul Brown have returned from a trip to the coast.

Mrs. Len Riley has been substituting at the Lakeview Heights school during the absence of Miss M. Sherk.

The death of Mrs. Sol Nichols has been reported from Omak. She was well known to all the old-timers in Glenora.

A team from Westbank with J. A. Brown as skip, including Len Riley, Hans Zdravak and Nelson Reece took part in the bonspiel at Peachland, but dropped out in early running.

The hot one's even hotter!

the '56 Chevrolet

Beautiful models—all with bold new Motoramic Styling.

More models—including two new 4-door hardtops and two new 9-passenger Station Wagons. And all models offer a choice of 9 flashing power teams with horsepowers ranging up to 205.

This is the greatest of them all.

There's flashing new excitement awaiting you, for these '56 Chevrolets give new meaning to the word "action".

Look them over! Look at that bigger more massive grille. Let your eye slide along that longer, more rakish hood. Follow that lower, speedline chrome treatment back to these sassy, high-set tail-lights (the one on the left swings down to uncover the gas cap).

EVEN LIVELIER THAN IT LOOKS!

Bold new Motoramic Styling, as you see! Fine new Contemporary Interiors, to be sure! Gay new colors, indeed! But beyond that, even more of the championship road-action that made the '56 Chevrolet a winner. You know the new Pike's Peak record-holder has to have something very,

very special in the way of power, ease and sureness of control, and nailed-to-the-road stability.

BLAZING POWER TEAMS — 20 EXCITING MODELS

Any kind of model anyone could want. All of 'em have all the extra advantages of Body by Fisher—the people who pioneered and perfected the 4-door hardtop. Your choice of new "Blue-Flame" 6 with 140 hp and new higher compression—the 170 hp "Turbo-Fire V8" (162 with Synchro-Mesh)—or, optional at extra cost, the "Super Turbo-Fire" with 205 hp and 9.25 to 1 compression ratio! Automatic and comfort features? If Chevrolet doesn't offer them, it's only because they haven't been invented yet. So try the hottest drive of the year soon. You haven't tried anything new until you've been behind the wheel of a '56 Chevrolet.

V8 & 6

Not only does Chevrolet offer a choice of V8 or 6 cylinder engines, but they are the most powerful and most efficient engines in the low priced field. No other car combines such high compression ratios with valve-in-head operation, and includes so many other modern engineering discoveries. If a power feature is good, if it's practical, you can be sure that Chevrolet engines have it!

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynex)—discovery of a famous scientific institute.

Now you can get this new healing substance in suppository or ointment form called Preparation II*. Ask for it at all drug stores. Satisfaction guaranteed or money refunded.

*Trade Mark Reg.

Letters to the editor

FRUIT PRICES
The Editor,
Keltown Courier
Dear Sir:

It was with no little concern that I read an account in the Keltown Courier of February 27, of a grower meeting held in Oyama the previous Monday. Now we are all concerned over the low prices that seem to be the rule this year, but what worries me most is the method by which a certain section of this co-operative set-up seeks to alleviate the situation for themselves at the expense of another group in this co-operative selling scheme.

The policy of a producer Co-Op should be to handle the products it was designed to deal with at cost, and to charge that cost as near as possible to the producer responsible. Likewise, the returns of the Co-Op should be returned to the producer, as the product returned to the Co-Op or the growers central selling agency, in this case, the "C" Grade should return to the grower the amount of money "C" Grade returned to the pool, minus its costs. The same should hold true for "Fancy", "Extra Fancy", and the varieties Macs, Johnnies, Winesaps, Red Delicious, etc.

The only reason for not returning the true market value for each variety—and it is valid reason—is the fact that certain varieties are favored for certain markets. Some varieties or sizes are reserved for long hauls, either by rail or water, and certain varieties are held longer in storage, in order to sell unhampered by another variety. Also some varieties, or portions of them, are allocated to the processors according to their quality and grade and market acceptability—or lack of it. This alters the costs, and also alters the market returns in some cases.

Now pooling enters the picture, and pooling is the method by which the above manipulations are equitably divided as to costs and returned for the products. Pooling is a method to recompense for, and to smooth out the actions of the sales agency, who may have had to sell grower A's apples in Timbuctu and grower B's in Victoria, for instance—for more money and with less freight charges. This, gentlemen, in a nutshell, is my conception of pooling in a producer sales agency such as ours. Pooling is absolutely not, as one N.D.C. grower intimated, a way to divide up the "Pot". Our agency and pooling was formulated to rid the industry of many malpractices previously the rule, and to credit the grower with the results of his judgment as to variety, etc. It was not set up as a "Pot" to be divided as expenditure. One new Governor, up Keltown way, suggests that this pooling change would help force Mac growers out of business. It would take issue here. What is forcing the Mac grower out of business is the low prices—certainly not pooling. Pooling as it has been practiced is forcing us out of business or at least, putting a crimp in our returns.

Pooling in our industry is governed by the yardstick, which is set by the pooling committee from the results of the last 4 or 5 years' sales, and is supposed to reflect the market values for our products. This does not, or has not done in the past. This negation of the Co-Op principle has, in effect, removed from the Delicious and Red Delicious grower in this valley, a large part of profit which he and his product have earned. Let us look at the figures.

In 1950, the McIntosh put into the pool 6.8 cents (not 11 cents) which was caused by the breakdown of the Winesap market after the Macs were all sold. Winesaps took 49.4 cents from the pool. We have never heard the end of it. In 1951, Macs took 12.4 cents; in 1952—15.6 cents; in 1953—15.6 cents; and in 1954—18.1 cents for a total of 61.7 cents over the last four years. There are other varieties, but McIntosh, in their overwhelming preponderance, take the major proportion.

Now we will look at the Red Delicious and Delicious—in 1950 Red Delicious put 37.8 cents into the pool; in 1951, Red Delicious put 25.5 cents; in 1952, Red Delicious put 25.5 cents; in 1953, Red Delicious put 25.5 cents; in 1954, Red Delicious put 25.5 cents to the American market due to exchange; our money being discounted 10 percent. In 1952, despite the fact that our money was 4 percent in exchange value greater than the American, Red Delicious "put" 74 cents per box into the pool in 1953, the Reds put 20.1 cents; in 1954—28.8 cents. To be subtracted from these puts, is 12 cents for extra selling costs in foreign lands. Gentlemen, I cannot help but wonder how Mac growers, who put in 6.8 cents for one year, would like to pay out that kind of money.

Now take a glance at Common Delicious—these are all "puts"—1950—31.6 cents; 1951—25.2 cents; 1952—25.7 cents; 1953—37.2 cents; 1954—20.7 cents. Twenty per cent of the total puts of their variety went to foreign lands, and had 12 cents charge to be deducted from the "puts".

It has been stated, apparently authoritatively, that if the pooling methods are not carried on as they were in 1954 and before, the growers of the Northern area may succumb from central selling. I as a grower would suggest that they ponder this very, very carefully.

They have been receiving from the "put" varieties, certain sums of money they will no longer receive, if they go it alone. The consumers of these "put" varieties have been paying this extra money, but the producers of these varieties have not been receiving it. He has done without this money. Therefore, should he decide, for reasons of competition, to do without this money—he will be no worse off. The trade will then be able to buy these apples for that much less. There is also a considerable yardstick differential built up by consumer demand—the law of supply and demand did this—some of that might be sacrificed for competitive purposes.

The Southern grower has chafed for years over keeping most of his apples off the market until the Macs are sold. What does the Northern grower think that the fire-sale prices of his Macs that were being

sold in February, has done to the price of our late varieties? These varieties have been held off the domestic market to Macs advantage, however small.

I as a grower from Osoyoos, will bitterly oppose a return to 1954 pooling. I will argue and fight to the last ditch for the further removal of pooling practices, that tend to nullify the results of consumer preference. Mrs. Housewife may desire to pay, we will say, \$6.00 for a box of Delicious, in preference to any other variety. When she pays that \$6.00, why should any of it go to a variety to fatten its price, when its market acceptability gets it at \$4.00? We must look after the contingencies of the pool or market; but not the market deficiencies of a variety. These deficiencies may be caused by over production, or too many "C" Grade. I would say that the McIntosh prices for this valley, considering freight rates are as high as anywhere on the continent. Over-production, did far too many "C" Grade are contributing to McIntosh difficulties—not pooling. I say, for myself, that I will retain the new 5 percent cut.

Thank you, Mr. Editor, for your most valuable space.
Yours truly,
STEPHEN MIPHAM,
R.R. Osoyoos

CHANGING TIMES
The Editor,
The Keltown Courier
Dear Sir:

A good deal of rumbling is going on in the world. The rumbling of change. Sometimes these changes seem time to think a thought before it must give way to a better one.

Even in Russia we are told there is an adjusting to a more moderate form of government whilst in the deep south of the United States there is a real ruling in a time of trouble. A huge unwillingness to yield to the righting of old wrongs. To these people their world is being asked to be turned upside down. Their way of life and thought has to be broken up and a new one of Union of South Africa where there is the same racial trouble there is outright defiance that these things shall be done.

Our part of the world may seem lucky to be escaping all this bitter loss, but an issue hangs here too. One that is conscious or unconsciously nagging constantly namely, war.

From the time history began, war has been accepted. Customs and thinking have been in harmony with this. For instance, the gun in the city park is customary with the thinking. Yet, do the citizens wish to be depicted as barbarous, unsympathetic with human suffering? Then why not take a spectacular opportunity to dispose of the gun by burying it in the cemetery how unbecoming?

Yours truly,
ALEX BEASLEY

CONVENTION COVERAGE
The Editor,
Keltown Courier
Dear Sir:

At the 1955 annual convention of the British Columbia Fruit Growers' Association, which was held in Vernon, January 17, 18 and 19, a resolution was approved unanimously that they be conveyed to you and your staff "sincere appreciation for your valuable co-operation in publicizing news of the affairs of this association during the last year."

In bringing this resolution to your attention, the president and executive of the British Columbia Fruit Growers' Association extend to you their best wishes.

Yours very truly,
J. MACLENNAN,
Secretary-Treasurer

EXTENDS THANKS
Editor,
Keltown Courier
Dear Sir:

On behalf of the blood donor committee, I should like to thank you for the splendid publicity given by your paper to the recent blood clinic. We appreciate it very much.

Yours sincerely,
GWEN G. STIRLING
Chairman

APPRECIATE ASSISTANCE
Editor,
Keltown Courier
Dear Sir:

I would like to take this opportunity to thank you and your staff for all the wonderful advertising you did in regard to our annual TD Christmas seal campaign.

It was a great help and without your help, our campaign would not have been so successful.

Thanking you again
MRS. P. GENIS

APPRECIATE HELP
Editor,
Keltown Courier
Dear Sir:

On behalf of the Klamath Club I would like to thank you and your staff for the very fine publicity you gave our Mothers March on Polio campaign. It went a long way in making this campaign the success it was.

Yours very truly,
KINSMEN CLUB OF KELLOWNA
Mothers March on Polio Committee,
A. S. BURBANK
Co-Chairman

MONEY EARMARKED FOR COMPLETION
Silver Star road

VERNON — An appropriation of \$50,000 for completion of an all-weather highway to Silver Star was contained in the parts branch estimates of the department of lands and forests passed by the legislature according to L. Hugh Shantz, M.L.A. Mr. Shantz said the money should more than cover the entire cost of the project.

Starting date for the work will depend upon weather conditions.

TRY COURIER CLASSIFIEDS FOR QUICK RESULTS

Local library figures show slight decline

The Okanagan Regional Library reports that adult and juvenile reading for February was down from the same time last year.

During the month 2,677 non-fiction books were issued, 5,188 fiction and 1,939 juvenile, a total of 9,804 books, compared with 10,425 in 1955.

Juvenile circulation is down from last year, and library officials are 2,744 to 1,939 for the same period.

Also down from last year is the number of new registrations. Total of 100 adults, and 30 juveniles registered compared with 267 last year.

There is a block of excellent films now in the film room, bearing such titles as Canoe Country, Newfoundland Scene, RCMP-Connor Case, Peoples Bank and Hot Ice.

Other films deal with such things as government inspection of food, of food, the infant to school age, and many others which will appeal to either individuals or organizations.

The following is a list of new books just added to the library's NON-FICTION:

Dead Sea scrolls, Burrows; Prayers, Marshall; (The) Man with three faces, Meissner; (The) Sun, the sea, and tomorrow, Smith; Card tricks, Searne; Against the sun, Beaumont; Bookings, Blisshem; Darwin revealed, Darwin; (The) Whispering gallery, Autobiography, I. Lehmann; Bugles and a tiger, Masters; (The) Grand Mademoiselle, Montpensier; My story, Richards; (The) Map-maker, Thompson; Memoirs, vol. 1. Year of decisions, Truman; Outlaw, Voinov; Success, photography, High fidelity record annual 1955, Feininger; Articulate energy, Davies; (The) Secret of the Hittites, Ceram; (The) Sea wolves, Frank; Gunboat 658, Reynolds; Bloomsbury fair, Kenney; Anne living, the story Grimsey; Jack, Venturi; (The) City and Dorion; (The) Hidden Catch, Connell; (The) record guide, rev. ed., Sackville-West & Shaw-Taylor; Illustrated history of English literature, v. 3, Blake to Bernard Shaw; (The) Me Papoose sister, Hall; The Land of burnt faces, Buchholzer; Canadian yesterday, Collard.

FICTION:

That uncertain feeling, Amis; (The) Phenix, Bachmann; Mary of Carisbrooke, Barnes; (The) Corbises, Belth; (The) Shy Yorkshiresman, Bird; Pagan's winter, Bjorn; Tender victory, Caldwell; (The) City and the stars, Clarke; Sironia, Texas, vols. 1 and 2, Cooper; Jeweled sword, Hill; (The) Irish boy, Jacob; Tales of the broad acres, Jacob; (The) Gentlemen, Marshall; (The) Lone survivor, Nisbet; The Scarlet gown, Slaughter; Adventure in the skin trade, Thomas; Thicker than water, Tisley; (The) Big yard, Velde; Mrs. Craddock, Maughan; False face, Truss; Island in the sun, Waugh.

Disease-free cattle area is indicated

VERNON — C. D. Osborne, president of the Okanagan Beef Cattle Growers' Association disclosed that a disease free area, including Keltown, Lumby, Vernon, Armstrong and environs, will be gazetted this year by the provincial government.

This area will be set up in accordance with a resolution adopted by the association last year.

Last year, petitions were circulated throughout the area, and have now been accepted by the assistant chief veterinary inspector in Victoria.

Bill Sigale of Lumby said he believed the first event in a move to establish disease-free areas would be an educational program conducted by district agriculturalists, dairy herd improvement associations and other organizations. He added, dairymen and beef growers were equally interested in the program.

He said the government did not have enough vets, but believed that they would try to use private practitioners. "Diseased cattle would be identified, but it would not be in form of a band, because the disease is not that dangerous and they don't want to cause public alarm," he said.

The program would run for about five years, and it was anticipated that at the end of that time, Bangs would be "fairly well cleaned up."

VERNON to keep RCMP despite increased costs

VERNON — The city of Vernon has decided to keep the services of the RCMP despite the increase in cost. This agreement was ratified by city council ending months of delay.

From January 1955 to May 1 this year the cost will be \$2,360 per man; and from June 1 to May 31, 1957, will be 40 percent of the actual cost. In addition, provision of quarters in the court house will be charged for, an additional \$1,945 this year.

Several property owners in the extreme northeast corner of the city have signed an agreement with the city for water service. Pipes and fittings will be supplied by the city, while excavation will be done by the property owners.

The Victoria merry-go-round

By JAMES K. NESBITT

VICTORIA — The 1956 session of your Legislature was one of the most dramatic in all our history. I have seen dramatic sessions before—the session of 1953, for instance, when the Bennett minority government was defeated on the floor of the House.

But I never before saw anything like this year's session. It built up over weeks, the tension mounting and mounting—the opposition hammering away at Mr. Sommers, the minister of lands and forests and mines, the opposition demanding that he resign because of charges against him about issuance of forest management licenses.

And then, late one night, Mr. Sommers resigned. The Legislature. Never before had a cabinet minister used this method of resignation. Cabinet ministers have resigned many times during the years, but always by letter to the Premier, privately, never before in public. I find no record of any cabinet minister before having stood in his place in the House and resigned. The House was shaken as Mr. Sommers uttered his fateful words. The Premier sat stolidly, wooden-faced, white and drawn, and suddenly looking years older.

What was coming. Of course he knew—indeed, one might suspect the Premier had forced this resignation, had been forcing it for many weeks.

PUBLIC DUTY

And because he had to do what he considered his public duty he was personally hurt and pained and shocked—I could see that, and it was most evident during that long, momentous night—that night that lasted from 8:30 p.m. on a Thursday to 7:30 a.m. on a Friday, when the opposition hammered away and pounded and talked and talked, and pounded and hammered, hour after hour, trying to get the Premier to say something, anything about Mr. Sommers. But the Premier would not. He had made up his mind, he would not talk about the Sommers case, and he didn't want to. I don't think I ever before saw such a superb display of patience, under tremendous provocation. As I looked down on the Premier from the Press Gallery I was fascinated—I saw his face twitch, and he put his hand several times to his eyes, and I wondered if he would break. There was a man sorely tried if ever a man was. And I looked down on the Premier from the Press Gallery I was fascinated—I saw his face twitch, and he put his hand several times to his eyes, and I wondered if he would break. There was a man sorely tried if ever a man was. And I looked down on the Premier from the Press Gallery I was fascinated—I saw his face twitch, and he put his hand several times to his eyes, and I wondered if he would break. There was a man sorely tried if ever a man was.

In the first nine months of 1955 volunteer workers of the Women's Work Committee of the Canadian Red Cross filled 485 cases of knitted and sewn articles for international relief.

Alta., \$85,545; Sask., \$34,020; Man., \$25,158; Nova Scotia, \$4,020; Nfld., \$3,915.

It was in 1953-54 that B. C. municipalities led the way in civil defence, financially at least, by putting up \$145,728. They led the next year, too, shelling out \$225,000. Ontario municipalities entered directly into the C.D. financial picture, then, too, with \$48,368 to Ottawa's \$18,122.

That year, 1954-55, federal grants matched in B.C. \$158,350; Alta., \$118,922; Sask., \$42,087; Man., \$25,682; New Brunswick, \$12,433; N.S., \$17,925; Nfld., \$21,373.

Figures were not in for 1955-56 but were expected to show a big jump in Ontario's direction as that province accepted the federal grant for the first time.

Administrative officers at federal civil defence headquarters in Ottawa, have estimated that of the \$4,800,000 available through grants in the first three years of the program, the provinces took up about \$1,000,000. Ontario's participation was expected to make the big larger in last year's grants.

The grants, however, are only one side of the federal C.D. assistance program. Its direct C.D. grants to provinces from 1950-51 to 1955-56 totalled \$8,000,000 and its estimates for the 1955-56 fiscal year were \$7,000,000.

It set up the Canadian Civil Defence College at Arrnprior, Ont., and pays expenses for training persons from all provinces. It has put aside \$500,000 for stockpiling emergency medical supplies. It has supplied warning sirens to major cities, fire pumps, stretchers, training manuals and other equipment wherever there was a need. And these costs do not include such projects as the multimillion-dollar radar warning screens going up around the continent, telecommunications, the ground observer corps and others closely related to the defence of Canada. The federal government also agreed to pay one-third the cost of maintaining fire hose coupling sizes, Ontario, British Columbia and Alberta have taken advantage of this offer.

strange, this loyalty from the Premier, because when he was a Conservative he was anything but loyal to his chief, Mr. Anscomb. But since he has been chief of the government his loyalty to his colleagues and his supporters has been tremendous.

The legislative oratory during that long, long night was quite splendid, superb, thrilling. There are times when we think legislative oratory is dead. But back to life it came that night. C.C.F. Mr. Harding of Kaslo-Slocan was never so magnificent. He was merciless, so merciless it was almost terrifying, but here loyally he did it. The House held its breath as it listened to Mr. Harding. The Premier, shaken, could not look at Harding, as his voice rang into the rafters, and thrilled us all, for here, in Harding, was a true artist at work, a sure and great sympathy conductor and painter as artist. Harding is an artist with the spoken word, splendidly delivered, with no attempt at play-acting. His naturalness is what makes him perhaps the very finest legislative speaker in the near 20 years this column had been in the legislative press gallery.

Yes, a dramatic session, and while this column has from time to time scoffed at what goes on in the legislature, its admiration grew as more and more women who offer the public their services, and do their best, as they sit it, for the public in our legislative halls.

This is democracy, with all its fumbling, mistakes, pitfalls and human frailties—but democracy none the less and who can offer a better system?

Country Freight assists blood donor clinic

Country Freight Lines assisted the local Red Cross blood donor committee by shipping 900 pints of the much-needed blood to Vancouver last week. The three-day clinic was held at the United Church hall. Total of 1029 pints of blood were donated by Kelowna and district residents.

The blood was packed in ice for the 350 mile trip to Vancouver and was delivered within nine hours. As its contribution to the Red Cross, Country Freight made no charge for the service.

In the first nine months of 1955 volunteer workers of the Women's Work Committee of the Canadian Red Cross filled 485 cases of knitted and sewn articles for international relief.

Metal snowshoes

Sgt. Bill Carlton, PPCLI, of Calgary, displays a new type of snowshoe being tested by the army at Fort Churchill. Made of durable, light magnesium, the snowshoes proved so good Indians and trappers in the area want to buy them. They are still undergoing tests and trials, but have been recommended for army adoption.

Vernon hospital directors take exception to Martin's remarks

VERNON — Directors of the Vernon Jubilee Hospital strongly re-echoed this borrowing power. This sent remarks made by the Hon. Eric Martin, minister of health and welfare, to the effect hospitals in B.C. are responsible for their own mis-management.

Accordingly, when Mr. Martin walks into his office March 15 he will find a note on his desk stating, "We strongly protest your blanket condemnation of hospital boards."

Hospital finance chairman said, "Consideration of the financial statement reveals one principal item—deficit—\$24,694.42. This brings into sharp relief the fact we are fast depleting surplus built up from the inception of the hospital association."

An additional deficit of \$13,987.41 is still on the books from 1954, and the board is being forced to operate by means of bank overdrafts and deferred payments to suppliers.

Vernon Jubilee Hospital Association wants the answer to one word from Mr. Martin—why?

"Already," Mr. Howlett said, "we are delaying payment of supplies accounts into the second month. At the present rate we will not even pay wages on time by about September or October."

The feelings of J. F. Fisher, president of the association went something like this: "There is now no satisfaction in public service. I hope I am not giving the impression we are shedding crocodile tears looking for sympathy, but our efforts last year succeeded only in building a colorful vocabulary."

Mr. Fisher said the health minister had been told in terms no one could misunderstand, how the local hospital board felt about his department's policy.

In his financial report, Mr. Howlett stated borrowing power of the association was \$15,000. He said he

The month of March is Red Cross month. You will be helping others and you may be helping yourself.

If You're TIRED ALL THE TIME

Everybody gets a bit run-down now and then, tired-out, heavy-headed, and maybe seriously wrong, just a temporary toxic condition caused by excess acids and wastes. That's the time to take Dodd's Kidney Pills. Dodd's stimulates the kidneys, and so help restore their normal action of removing excess acids and wastes. Then you feel better, sleep better, work better. Get Dodd's Kidney Pills now. Look for the blue box with the red band at all drugists. You can depend on Dodd's. 52

Glenmore Scouts and Cubs give work demonstration

GLENMORE — About forty parents and forty-five boys of the 1st Glenmore Scout Troop and 1st Glenmore Wolf Cub Pack, combined to hold an enjoyable parents' night in the activity room of the school Wednesday of last week. In addition to Scout leaders E. D. Henrie and A. L. Lynn; Cub leaders H. M. V. Willett, and Mrs. James Snowsall, District Commissioner D. Balisille, and District Scoutmaster Des. Oswill were in attendance.

The opening ceremonies of the evening were carried out by the Cub Scouts and their leaders, followed by inspection. Wolf Cub Bruce Henrie was presented with his first star by Cubmaster Willett. The Scouts formed up in horseshoe formation, with the raising of the flag and the playing of the national anthem. The demonstration was conducted by Scoutmaster E. D. Henrie, assisted by A.S.M. A. L. Lynn. A ball relay game between teams of Cub Scouts and fathers proved amusing to the onlookers, especially as the dads soon realized that such exertion stiffened some of their little-used muscles. Needless to say the Scouts emerged victorious in the game.

A demonstration of knotting by the Cub Scouts and fathers, followed by a similar number of knots took over, and converted the knots into lashings.

CONCENTRATION TEST
"Kims Game," one of the tests of concentration in scouting was played by teams of Cub Scouts, fathers and mothers. Twenty-five objects were on display for one minute, then they were removed and members of each team allowed three minutes to list the names of the objects on display. The fathers team won, with Bill Miller getting top points, having twenty-three objects listed.

A game calling on ones sense of touch proved to be very amusing, as Cub Scouts, and fathers, alike, attempted to identify certain objects by touching them with their bare right feet, while being blindfolded.

A demonstration of semaphore signalling by the Cub Scouts who sent the entire alphabet, and a regular message despatched by certain Scouts, showed the parents in attendance that useful knowledge is taught through the medium of scouting.

Scout campfire ceremonies, opened by Scoutmaster Henrie, were followed by songs led by Assistant Cubmaster Mrs. James Snowsall, District Scoutmaster Des. Oswill, and Scoutmaster Henrie.

Flag lowering with the activity room in darkness except for light being shone on the Union Jack lent an impressive touch to the closing ceremonies.

One of the highlights of the evening was the presentation of the Queen Scout badge to Wayne Hill of the 1st Glenmore Boy Scout Troop, by Commissioner Don Balisille. The coveted Queen Scout badge is the highest award a Scout can acquire outside of a decoration for bravery. The Queen Scout badge is the culmination of the passing of many difficult and exacting tests and badges. Besides Wayne Hill there are only ten other Scouts in the Central Okanagan Scout district holding this award.

Visiting Mr. and Mrs. J. Mielke, is their son Otto Mielke, of Vancouver. Also Mrs. A. Miller, and her daughter Shirley.

Mrs. M. R. Purdy has returned home, after having been confined in Vancouver General Hospital for some time.

Receiving congratulations on the birth of a baby boy are Mr. and

Mrs. R. P. Richards of No. 50 Bankhead.

The municipal council has received advice that Glenmore's Okanagan Regional Library levy for 1955 will be \$104,400. This is an increase of \$205.00 over last year.

Councillor A. J. Runzer has been appointed Glenmore representative to the Kelowna and District Community Chest.

P. C. McCallum, No. 48 Bankhead has been appointed to the Glenmore Recreation Commission for 1956.

Peachland hears report on BCFGA parley in Vernon

PEACHLAND — A meeting of the Peachland local of the BCFGA was held in the municipal hall recently.

A one-hour tape recording of the highlights of the convention and the Royal Commission resolution which Peachland sponsored was heard. Mr. Wells of the Board of Governors and Mr. E. Tait, member of the central executive each gave interesting talks with special emphasis on the Macintosh deal. All the convention resolutions that had been carried were read and discussed.

A report was given on the pruning of the local growers, and it was decided that in future all fruit in the packing house at pool closing should be inspected and credited to the growers regardless of final distribution.

Pete Spackmann made a trip to Vancouver recently.

Mr. Cece LeDuke is a patient in the Kelowna general hospital.

Mrs. Ruffie has returned from Summerland general hospital.

Mr. and Mrs. Jack Garraway left by air Saturday for Mexico City. They will join Mr. and Mrs. Len Trautman. The foursome will return at the end of the month.

Mrs. E. Hunt is a patient in the Kelowna general hospital.

Rev. R. B. Gibson of the United Church has invited all curles to attend a special service Sunday, March 11. This is an annual event.

Friends of the late William J. Bradbury packed the Peachland United church to pay tribute, Saturday, March 3. Pallbearers were, John Enns, Peachland; Tony Coldham, Peachland; Stan Taylor, Summerland; John Coldwell, Summerland; and Mr. Walton of Vancouver.

Vernon Kinsmen collect \$4,132 in polio drive

VERNON — The total amount collected by Vernon Kinsmen and Kinettes in the mother's march on polio was \$4,132.

Collected in the city and district was \$4,082. Kinettes added \$50 to the fund from the proceeds of their Leap Year dance.

The money will be forwarded to headquarters in Vancouver to be used in rehabilitation, and treatment for polio victims.

1 The Ogopogo Pool Murder

(Continued from Page 1, Col. 3)

In the district about seven years ago, although the police papers showed that many people were his victims, fourteen, near him had the opportunity, in varying degrees, of murdering him that evening. One other, if having no personal reason, could be suspected as an accessory under certain conditions. Two others might be considered to have a motive to kill a man behind Slackford and in attempting to do so, it was possible that Slackford had been killed in error.

Immediately on Slackford's left sat Mrs. Jasmine Flaxton, a handsome woman of 39, and next to her sat her husband, Lawrence Edward Flaxton, aged 63. The Flaxtons were married five years before and are both well known people in the city. Flaxton is a successful merchant, a school trustee and highly respected by everyone. He is always ready to assist in any worthwhile project calculated to benefit the city. His wife is equally respected for her ready help in good causes and her charm as a hostess. It was with surprise that the police discovered that the Flaxtons were steadily blackmailed by Slackford, on the strength of certain letters he possessed, written by Jasmine Flaxton many years before, but which, if published, would have been a great embarrassment and disgrace. Slackford steadily refused to sell the letters, preferring a regular income from the Flaxtons for his silence.

On Slackford's right that evening were Mrs. Nina Bellington (nee Stanger) and her husband, Daniel Arthur Bellington. Nina Bellington, an attractive dark and vivacious woman of 26, was the unwilling object of Slackford's attentions. Her husband, a powerfully built man of 34, is left handed and owns a garage business. He is deeply in debt to Slackford, who has intimated that he would be reluctant to cause the ruin of a "friend." However, matters were fast coming to a point where the Bellingtons would have to choose between her honor and his financial disgrace.

The Flaxtons and the Bellingtons were Slackford's unwilling guests that evening. Slackford enjoyed the Flaxtons to improve his social standing by being seen in their company, and he even more enjoyed Dan Bellington's barely veiled rage, as he helplessly watched his wife being openly ogled.

MINOR OPPOSITION
Continuing, Mr. Treadgold stated "We have taken this matter up with almost all the Manhattan landowners and have found that 40 accepted the conditions; seven have rejected them, and five we were not able to contact. However, we feel that we should point out to council that the opposition stems from landowners living close to the new proposed location of the oil storage building. As an alternative all landowners contacted will consent to the listed conditions if the oil storage is located close to and facing Guy Street."

PLAYGROUND AREA
"The urgency of the new oil storage building is an unknown factor with the residents. The present one has served the needs for some 20 odd years and perhaps could be made to until the new office building is erected. Fire Chief Gore recommended a year ago that a concrete oil storage be erected at the earliest convenience on the other lots to the south."

In requesting that three city-owned lots be designed as a playground, Mr. Treadgold pointed out children are presently playing on private land, and plans are now being made by the owner to have the property subdivided into building lots.

They attended a service held at St. Mary's Church, Rev. J. E. W. Snowden officiated with Mr. J. A.

Landowners would not oppose rezoning of lot 8 map 2669; relocated lots 9 and 10, map 2669; lots 8 and 9, map 887 and lot B, map 6621, providing the following restrictions are made legally binding on the following lots:

(1) That relocated lot 10, map 2669 and lots 8 and 9, map 887 be used only for (a) erection of an oil storage building 15x30 feet within 100 feet of the west side of Guy Street and to be on lot 10, map 2669 and on lot 9, map 887; (b) erection of a modern office building facing Guy Street; (c) dispensing of petroleum products on relocated lot 10; (d) employee or customer car parking. (2) That lot B map 6621 and relocated lot 9, map 2669 be used only for employee and customer car parking.

Mr. Treadgold said the recommendations have been agreed to by S. M. Simpson Ltd. "We feel that on the conditions listed they will be getting a full good use out of the land and that the development will not be too objectionable to the residents. Also it is not likely to cause a devaluation of the residential property of Manhattan," he said.

Attending an instruction class in aerial photography at Penticton, recently were ranger H. C. (Berl) Hewlett and Assistant ranger L. E. McDonald, of the Kelowna district. Others attending included ranger J. H. Dearing, of Princeton, with his assistant, C. D. Dobbin, as well as the forestry staff at Penticton.

Mr. Hall, chief of air surveys division, department of lands, Victoria, was the instructor. The course included the use of aerial photographs in forestry work such as timber-cruising and the location of forest fires. In the latter case these photos are used in flying over and spotting the fire.

Photos of the entire forestry district are available and are used in timber-cruising to map in acreages and for the selection of timber suitable for cruising. By this means immature timber is easily spotted and left alone.

Will replace bridge over Shuswap river

VERNON — Hugh Shantz, MLA for North Okanagan, said in Vernon that construction of a new bridge over the Shuswap river is on the building program of the department of public works and will cost \$500,000.

The bridge will be on highway 97E and will be situated at Grindrod.

While work on the bridge is in progress, traffic for Skanaw and beyond will be detoured through Enderby.

Salmo man rides auto down cliff

A Salmo man is counting his blessings today! Arthur Henry Doree rode his late model automobile down a straight, 200-foot drop off Highway 97 north of Oyma, landed on the ice of Kalamanka Lake and calmly clambered back up to the highway looking for aid.

Damage to the car was \$2,500. Damage to Mr. Doree was nil. He was not even scratched.

RCMP reported he was driving from Kelowna to Vernon when the car hit an icy section, skidded and went clean over the cliff near a cement retaining wall on the highway.

Mr. Doree was alone in the car. He a. afterward the car just went over end over end. He doesn't know many times.

The narrow stretch of highway has been a scene of several bad accidents. A few people have been killed there in recent years.

City council will call public meeting to consider proposed rezoning of land in vicinity of S. M. Simpson Ltd. mill

City council will call a public meeting within the near future to consider the proposed rezoning of property in the vicinity of the S. M. Simpson Ltd. mill.

For the past several weeks representatives of Manhattan land owners and the Simpson's mill have been conferring on the proposed rezoning, and both parties have come to an agreement. Council has been requested to make provision for a playground in the area, and landowners also want the designated lines in the Manhattan area opened up.

Spokesman for the ratepayers, Jim Treadgold presented a brief to council this week, outlining the recommendations.

Proposals are as follows: Relocation of city owned lots 9 and 10 map 2669 so that Manhattan Drive could be widened to 60 feet along the front of these lots. Widening of the road will end the present congestion and danger to traffic at this point.

OIL STORAGE BUILDING
Landowners would not oppose rezoning of lot 8 map 2669; relocated lots 9 and 10, map 2669; lots 8 and 9, map 887 and lot B, map 6621, providing the following restrictions are made legally binding on the following lots:

(1) That relocated lot 10, map 2669 and lots 8 and 9, map 887 be used only for (a) erection of an oil storage building 15x30 feet within 100 feet of the west side of Guy Street and to be on lot 10, map 2669 and on lot 9, map 887; (b) erection of a modern office building facing Guy Street; (c) dispensing of petroleum products on relocated lot 10; (d) employee or customer car parking. (2) That lot B map 6621 and relocated lot 9, map 2669 be used only for employee and customer car parking.

Mr. Treadgold said the recommendations have been agreed to by S. M. Simpson Ltd. "We feel that on the conditions listed they will be getting a full good use out of the land and that the development will not be too objectionable to the residents. Also it is not likely to cause a devaluation of the residential property of Manhattan," he said.

MINOR OPPOSITION
Continuing, Mr. Treadgold stated "We have taken this matter up with almost all the Manhattan landowners and have found that 40 accepted the conditions; seven have rejected them, and five we were not able to contact. However, we feel that we should point out to council that the opposition stems from landowners living close to the new proposed location of the oil storage building. As an alternative all landowners contacted will consent to the listed conditions if the oil storage is located close to and facing Guy Street."

PLAYGROUND AREA
"The urgency of the new oil storage building is an unknown factor with the residents. The present one has served the needs for some 20 odd years and perhaps could be made to until the new office building is erected. Fire Chief Gore recommended a year ago that a concrete oil storage be erected at the earliest convenience on the other lots to the south."

In requesting that three city-owned lots be designed as a playground, Mr. Treadgold pointed out children are presently playing on private land, and plans are now being made by the owner to have the property subdivided into building lots.

They attended a service held at St. Mary's Church, Rev. J. E. W. Snowden officiated with Mr. J. A.

Landowners would not oppose rezoning of lot 8 map 2669; relocated lots 9 and 10, map 2669; lots 8 and 9, map 887 and lot B, map 6621, providing the following restrictions are made legally binding on the following lots:

(1) That relocated lot 10, map 2669 and lots 8 and 9, map 887 be used only for (a) erection of an oil storage building 15x30 feet within 100 feet of the west side of Guy Street and to be on lot 10, map 2669 and on lot 9, map 887; (b) erection of a modern office building facing Guy Street; (c) dispensing of petroleum products on relocated lot 10; (d) employee or customer car parking. (2) That lot B map 6621 and relocated lot 9, map 2669 be used only for employee and customer car parking.

Mr. Treadgold said the recommendations have been agreed to by S. M. Simpson Ltd. "We feel that on the conditions listed they will be getting a full good use out of the land and that the development will not be too objectionable to the residents. Also it is not likely to cause a devaluation of the residential property of Manhattan," he said.

Dodge Mayfair V-8, 4-Door Sedan

Family safety wears a look of glamour and go!

'56 DODGE

Check the safety features listed at the right. All are standard equipment on any Dodge model you choose. Some are brand-new, of course, but Dodge has provided most of them for years.

That's because safety is nothing new with Dodge. Year after year, Dodge has consistently pioneered and developed more and better safety features than any other low-price car.

This year, too, Dodge gives you the power you need for safer motoring. New high-torque 6 and V-8 engines

provide up to 200 horsepower, pack plenty of reserve for safer passing, safer acceleration.

There's new driving ease, too. New push-button controls for PowerFlite automatic transmission let you select your driving range at the touch of a button. Safety-positioned at the left of the driver, these controls are simple and mechanically operated.

See your Dodge-De Soto dealer soon. Drive a Dodge... Canada's "safety-first" car!

Will YOU have an independent income?

Now is the time to arrange through a CANADIAN GOVERNMENT ANNUITY for the little it will take to brighten the days when you must stop working. You can purchase an Annuity NOW to come due at age 50, 55, 60 or 65; or other ages.

HERE IS AN EXAMPLE—Suppose you are a man of 28 and want an Annuity of \$100 a month, beginning at 65. Your monthly premium would be \$16.44.

AT AGE 65 the Government will begin paying you \$100 a month as long as you live! If you die within 10 years after age 65, the monthly payments will continue to your heirs for the balance of that 10 years. Thus, you will have paid \$7,299.36 for a minimum return of \$12,000.00—which will be even greater if you live past 75!

IF YOU DIE BEFORE 65 the Government will pay your heirs the total sum paid up to the date of your death plus 4% compound interest.

There are several plans to choose from. For detailed information, consult your DISTRICT ANNUITIES REPRESENTATIVE, or mail the coupon below, postage free.

Friends surprise local couple, Mr. and Mrs. Dale West, on the occasion of their golden wedding anniversary

Celebrating their golden wedding is with the Kelowna Film Council, anniversary on Saturday, March 3 entertained the company with films were Mr. and Mrs. Dale West, of during the evening.

780 Martin Avenue, who were married in Spearfish, South Dakota, in 1906. Leaving the States a few years later they moved to Wasketon, Alta., north-east of Edmonton, where they farmed for thirty-five years. They came to Kelowna to retire in 1914.

Throughout their pioneering years in Alberta, both Mr. and Mrs. West were keenly interested in community and school affairs. Mr. West serving on the school board during his residence there. They have one daughter, Frances, Mrs. W. Rickard, of 440 Patterson Ave., and one grandson, Mervin Lewis, aged sixteen.

SURPRISE PARTY
Old and new friends gathered to surprise Mr. and Mrs. West at their home on Saturday evening—and succeeded very well. Among those present were four friends from Wasketon: Mr. and Mrs. J. Livingstone, who were neighboring farmers; and Mrs. Wolf and Mrs. Foster, both of whom lived in the village. All four live in Kelowna now.

Mr. and Mrs. West were the recipients of many lovely gifts on this eventful occasion, and when the refreshments were served the "hundred of fifty years" was called upon to cut the wedding cake. Mervin, who

Mission women ship woollens for blankets

OKANAGAN MISSION — The regular bi-monthly meeting of the U-GO-I-GO club was held at the home of Mrs. Hanlan recently, with 16 members and three prospective members present.

The raffle prize, donated by Mrs. K. R. Young, was won by Mrs. Herb Baily. The club is making plans to send old woollens to Fairfields, to be re-made into blankets, etc. Anyone interested in sending woollens may get in touch with a club member before March 25. Tea was served by the hostess and Mrs. Ann Ivins. Next meeting will be held at the home of Mrs. William Barber, March 15.

Open house was held at OK Mission school Monday. Girl Guides' mothers served tea at 2:30. Registration took place at the OK

Mission school last Saturday. A total of 19 beginners were tallied.

The Ladies auxiliary to the Community Hall Association held their regular monthly meeting last week, in the Community Hall. There were 18 members present. Plans for the annual fashion show were finalized. Ruth Coley accepted treasurer's duties. The present treasurer Jean Wright will be leaving in June. Next meeting will be held at the home of Mrs. Judy Armstrong at 8 p.m., April 5. All members are asked to attend as plans for the next project will be discussed.

The 1st OK Mission Boy Scout and Cub Pack held another successful card party and dance at the Community Hall last week. Proceeds will go to the Boy Scout building fund.

The Ladies of St. Andrew's Guild held a white elephant tea and a sale of home cooking at the home of Mrs. H. Hobson recently.

The ladies auxiliary is sponsoring their annual fashion show Wednesday, March 21 at 8 p.m. Clothing will be shown courtesy Ben Marche. The Mary Pratten school of dancing will provide entertainment. The admission price will include refreshments.

Residents of the OK Mission district were saddened to hear of the death of Harvey Small, at South Prince George. Deepest sympathy goes out to Bert Small, and family, new arrivals at the Mission.

Joyce Gruenke, daughter of Mr. and Mrs. E. Gruenke, met with an unfortunate accident at last Saturday's Kelowna-Pentleton hockey game. She was cut on the forehead by a flying puck and required three stitches.

Landowners on Baymer road held a meeting at the home of J. R. Patt recently, and discussed flood control of Bellevue creek.

Engagement of local interest

Mr. and Mrs. W. S. Henderson, of New Denver, B.C., announce the engagement of their daughter, Elizabeth Anne Teir, to Walter Gerald Wilson, of Kelowna.

The wedding will take place Saturday, March 21, 1936, at 2:30 p.m. in St. Paul's-United Church, Nelson, B.C., the Rev. A. B. T. Dixon officiating.

Pleasant recital presented here by young pianist

(CONTRIBUTED)

The Civic Music Concert Association of Kelowna presented Seymour Lipkin, pianist, in recital when the audience was most fortunate in having the privilege of hearing this young artist. Rated one of the top two or three younger keyboard artists, Mr. Lipkin played with sincerity and great emotional control.

One heard old familiar friends played with warmth and beautiful lyricism. The melodies sang, and when strength was needed the tone was never too hard or percussive. The program took us from Bach to Schubert and Beethoven to the romantic Schumann and Chopin and included one modern, a Bartok Roumanian Dance.

The Bach Prelude and Fugue in E flat major was beautiful in its simplicity and could be "heard". The Schubert Sonata in A major had melodic clarity, and the rhythm danced.

Mr. Lipkin paid his audience the compliment of playing one of Beethoven's greatest sonatas, Opus 53, the "Waldstein Sonata", this there was change in the vitality of the themes and the spiritual strength of the great master was revealed.

The Schumann "Album Leaves", Opus 99, were five exquisite little tone poems, and one was breathless listening to the "inwardness" of the completely controlled tone.

The Chopin was Chopin as we all know and love him. Mr. Lipkin played two Nocturnes and the great C Sharp Minor Scherzo.

As encores we heard the lovely Mendelssohn "Spinning Song" which hummed as a spinning-wheel should, and finally, the Liszt Hungarian Rhapsody No. 15 which incorporates the Rakoczy March.

To quote Olin Downes of the New York Times: "He makes the piano sing as lyrically as he makes it roar and declaim."

This writer feels that these young artists we are privileged to hear through Civic Music concerts are missionaries of "culture", and when "culture" can be enjoyed as it obviously was then, I say, well done to our local committee.

—Bethel Steele

STORY HOUR

A change in the time of the Saturday morning story hour at the regional library from 10:00 o'clock to 10:30 a.m. comes into effect next week, so it will not conflict with another radio story hour.

Meeting will be held here next Monday with idea of forming arts association

The Kelowna Arts Council hopes to form an Arts Association here, and an open meeting for this purpose will be held at the library on Monday, March 12, at 8:00 p.m.

Such an association will have three objectives: (1) to stimulate the appreciation of the arts in Kelowna and district; (2) to introduce both professional and other interesting exhibits; (3) to finance the project by a small annual membership fee.

Local artists have given some delightful exhibits since the opening of the new library building, and there are bookings for several months to come. It cannot be expected that local talent can keep the board room supplied indefinitely.

Therefore, it is hoped to bring in exhibits from outside the valley, and perhaps some well known Canadian painters in person. One collection of original Canadian cartoons has appeared here and it is expected to have another collection of Canadian paintings in the near future. These, however, cost money.

Stagettes plan rummage sale on April 14

Final arrangements have now been made to hold a rummage sale in the United Church hall on Saturday, April 14, beginning at 2:00 p.m. with Miss Carol Curtis and Miss Flo Brown in charge. Sponsored by the Kelowna Stagette Club, proceeds from the sale will be turned over to the Society for Retarded Children.

At a regular meeting of the Stagette Club held last Monday evening, Red Cross materials were distributed to the girls for the annual Canadian Red Cross cinch. Spearheading the effort are Miss Juniper Carter and Miss Flo Brown.

Miss Mary Pack, executive director of the Canadian Arthritis and Rheumatism Society in Vancouver, will be invited to speak to the Kelowna Stagette Club at a dinner meeting to be held during the weekend of May 11-13 at which time Miss Pack will be visiting the Orchard City.

Next regular meeting of the Stagette Club will be held on Monday, March 19, with Miss Betty Cooper and Miss Carol Curtis as hostesses.

Hair stylists will answer questions

Top hair stylists will demonstrate the latest in hair-do's and the newest in hair and scalp care at the hair style show being held in the Kelowna senior high school auditorium, Monday, March 12, at 8:00 p.m.

Taking the form of a panel, hair styles will be featured during the first hour, and a question forum will be conducted during the second half of the evening, when written questions on any hair or scalp problem, presented at the door, will be answered by these experts.

All proceeds are in aid of the purchasing of new uniforms for the Kelowna Junior Band, and hair stylists from several of the best-known beauty shops in the province are donating their time and paying their own expenses in order that the band may benefit to the fullest extent from this event.

Among those who will take part in the show are the following members of the "Masters Coiffure Guild":

of B.C." of which W. V. Hillier is a member; Roderick L. LaRoque, of "LaRoque's Hair Styling Studio; Paul Difonzo, of "Paul's Hair Stylists," and John and Donna Soprovich, of "Broadway Beauty Salon," all of Vancouver, and possibly several others.

All those attending this style show and forum will be presented with a gift sample, and there will be a door prize. The school dance band will give musical selections during the evening.

HOW TO SCORE YOURSELF

Simply add up the numbers you've written under each item. A group of expert drivers scored between 0 and 18. Whatever your score, remember this fact: a basic cause of most accidents is not the car or the road, but the driver's attitude.

HOW DOES YOUR SCORE compare with the experts? This scale shows how a group of expert drivers scored on each question. Does your rating show there's room for improvement in your driving attitudes?

Drive right—enjoy your right to drive

The Shell people believe that being a good neighbor calls for more than just making good products. Part of our job is to help keep you safe on the road. It's not enough that today's cars are the finest, safest ever made. We need safe drivers

in the safe cars. That's the reason for this message. Canada's highways form a great personal transportation system. When all motorists use these highways safely all the time, that's the sign of a better future... for you... for all of us.

Specialty Written for The Courier
By MILT MACPHAIL

Canadian Press Staff Writer
The National Hockey League has
a new "bad man," lethal Louie
Fontinato of the New York Rangers.

Last week, Louie reached 169
minutes in penalties to set an NHL
record, breaking the mark set in
the 1935-36 season by Toronto Maple
Leaf rearguard Red Horner. Horner
had 167 minutes in the sin bin.

It's a sure bet that Fontinato's
penalty time will go up before the
season ends.

The 24-year-old Ranger defence-

man appears to have a particular
fondness for the penalty box, at
least the one in Madison Square
Garden.

The other night, in a game with
Toronto, he got into a fight with
Leaf defenceman Jimmy Thomson.
Louie was so indiscreet as to have
it happen right in front of the Toron-
to fans, where half of the Maple
Leaf squad had a good shot at him.

FAVORITE SEAT
But he escaped with a five-minute
penalty for fighting. Thomson got
one also. Thomson was the first
to skate to the "penalty box." By
chance—or perhaps by intention—
he sat on the side, provided for the
home team.

Fontinato, the former Guelph,
Ont. junior, skated over and saw
this. He asked Thomson to shift.
Jimmy refused. Louie pushed him
off the seat and Jimmy kissed the
floor.

He came up swinging. But a
couple of large Garden policemen
got in the way.

Fontinato was satisfied. He had
his regular seat in the penalty box.
Thomson had to shift for himself.

After the game, Fontinato was
asked if he had any feelings on his
"bad boy" championship.

Louie grinned and said: "No, but
I wish it was worth \$1,000 like so
many of the other hockey titles."

SPRING TRAINING
Hockey play-offs are under way
and this week the last of the major
league baseball clubs started spring
training.

At the training camps in Florida
and Arizona, there is the usual fan-
fare about promising rookies, vel-
l-known players, and the annual salary
squabbles.

Such things will be forgotten on
April 17 when the familiar cry of
"play ball" signals the start of an-
other baseball season.

OLD SPEEDSTER
The man who drove a Stanley man-
ager at 127 m.p.h. 50 years ago
coach and driver of one of the
at Daytona Beach is still active at
Newton, Mass., at age 83. When Fred
Curry, the team on long Canadian
Marriott made his speed run, an
average of 30 miles an hour was
considered a daring speed for an
auto.

In an interview on the recent an-
niversary of his run, Marriott told a
how it felt to travel at such a speed:
"The front end was too light and at
one stage became airborne. I must
have run at least 60 feet on the rear
wheels only. We had to put more
weight up front to keep from tak-
ing off."

When disaster strikes your Cana-
dian Red Cross is there doing the
things you would like to do for
those who need help.

"The Show Window of Kelowna"

Final OSHL statistics

Final statistics for OSHL league play show Vees' playing-
coach Grant Warwick on top, with Elks' Billy Hryciuk second, and
Packers' Jim Middleton third.

Warwick is the top goal-getter for the season's play, while
Hryciuk leads in hat-tricks, with five, and Middleton is top in the
assists column, three ahead of his nearest competitor.

Packer's Brian Roche is fourth in scoring, and is tied with
Vees' Jack MacDonald for second place in hat-tricks, with four.
Orv Lavell of the Vernon Canadians is in the dubious honor
spot of high man in the sin-bin, with 244 minutes, closely followed
by Con Madigan, of Penticton.

Hal Gordon, Vernon net-minder, leads the league in shut-outs
and goal averages, closely followed by Kelowna's Dave Gatherum.

The game points do not agree with unofficial figures, but if
the disallowed game between Penticton and Kelowna were re-
versed in Statistician Bill Padley's figures, making Kelowna 50 and
Penticton 51, they would agree.

Here are the statistics, as submitted by league statistician, Bill
Padley of Kamloops:

FINAL PLAYER STANDINGS

Kamloops man
heads inland
rifle group

George Farquharson of Kamloops
was elected president of the B.C. In-
land Rifle Association at the tenth
annual meeting in Kelowna held re-
cently.

Delegates attended from Kam-
loops, Enderby, Vernon, Penticton,
Summerland and Kelowna.

In the absence of the chairman W.
A. Cousins read the financial state-
ment for 1955, showing finances
well in the black with a working
capital to carry on for 1956.

The annual shoots (open competi-
tion) of the various valley clubs
were approved as follows: Kelowna,
July 8; Summerland, July 29; and
Kamloops, August 26.

The winner of the "George Hill
Trophy" was announced as Wallace
Ward, of Kamloops, with a score of
576. This is an aggregate of scores
made in four out of five shoots.

Other officers elected were: 1st
vice-president, Gordon Rasmussen,
Vernon; 2nd vice-president, W. A.
Cousins, Penticton; executive, H.
Palmer, Enderby; C. W. Henderson,
Kelowna; Art and George Dunsdon,
Summerland; and E. W. W.
Work, Kamloops. Y. Cousins, Pen-
tiction. Elected Hon. secretary-treas-
urer, C. R. Lee of Kelowna.

Men with baseball experience are
welcome, but it is not essential,
president Franks pointed out, since
there is a big need for men who
will help handle the boys, and the
many chores that do not require ex-
perience, leaving the more experi-
enced men to do the coaching.

Following the election, there will
be a discussion of the problem of
approaching the service clubs in
town with the view to sponsoring
the boys' teams.

Recommendations on the purchase
of new uniforms will be passed on
to the new executive.

J. A. Neilson, secretary-treasurer
of the association will be present-
ing the financial report.

Local hockey
brews figure
in scoring

Club scoring statistics from the
Saskatchewan Junior Hockey League
show four Kelowna boys prom-
inent in their clubs' standings.

Warren Hicks, right winger on the
line of Hicks, Marcetta and Kuryluk
is third on the Yorkton club, topped
by his line mates, and Al Schaeffer
is fifth on the club.

Jack Howard, center on the same
line, is fourth, and Al Schaeffer, re-
spectively on the Melville club, Zahara,
the left winger on their line is sec-
ond.

Here are the standings:

	G	A	P	PIM
YORKTON	34	38	72	37
Melville	26	34	60	113
Kuryluk	36	34	60	113
Wayne Hicks	28	25	53	81
Hicks	17	17	34	52
Al Schaeffer	19	14	33	80
MELVILLE	32	23	55	54
Zahara	30	24	54	56
Warren Hicks	21	24	45	68
Jack Howard	8	16	22	8

Flyers may draw
100,000 hockey
fans this year

SPOKANE — Spokane has cooled
off on baseball since 1947 when it
was the hottest town in the minor
leagues, but hockey has the fans
standing in the aisles.

Spokane Flyers won the Western
International League Hockey
championship recently before 6,004
customers in the new Memorial
Coliseum. Officially, the Coliseum
seats 5,700.

Attendance is 84,000 for 24
games. With at least three more to
go, it could exceed 100,000.

But the sledding is tough. For
more traditional sports. Professional
baseball, admittedly hurt by a
losing team and a poor park, drew
only 48,000 for games last sum-
mer. In 1947 it set a class B record
of 287,000.

Gonzaga University is about to
give up on Coliseum basketball and
go back to the campus. Two inter-
sectional games this season drew
only 600 and 400.

UPHILL BATTLE
Selling Canadian hockey in an
American city of 180,000 wasn't
easy. There are no "sandlot" high
school or college teams to develop
fans. The Flyers, playing in a cold,
old arena that could seat only
2,200, lost money every year, start-
ing with a \$37,000 deficit in 1946.

In 1953, 25 of the 32 stockholders
quit. The seven who were left de-
cided to hang together hoping the
new \$2,500,000 coliseum would bring
the fans in. It was completed in
1954 and it did.

The hockey corporation now is
headed by business man Ron
Robertson. Appropriately, he runs
a downtown pharmacy that deals in
bandages and iodine.

Robertson never played hockey,
but he's a fanatic now. He sold 110
season tickets by himself this year.

Converted fans have followed the
team on road trips in chartered
buses. A group chipped in with
more than \$700 in gifts for a vet-
eran wingman on "Gino Rozzini
night."

Besides Robertson, the chief pro-
moter is Roy McBride, 36, a former
Spokane player. He is general
manager, executive vice-president,
Steamer at 127 m.p.h. 50 years ago
coach and driver of one of the
at Daytona Beach is still active at
Newton, Mass., at age 83. When Fred
Curry, the team on long Canadian
Marriott made his speed run, an

"The Show Window of Kelowna"

Canucks take semi-final
series in five games

VERNON — Vernon Canadians
powered their way into the OSHL
finals with lots to spare here Mon-
day night whipping Kamloops Elks
6-2 to win the best of seven semi-
final four games to one.

The Canadians now await the
winner of the Penticton-Kelowna
series in a best of five set which
will open in Vernon Friday or Sat-
urday night.

Odie Lowe fired three goals to
pace the victors, who jumped into
a 3-0 lead in the first and never
looked back. It was 3-1 after 20 min-
utes and 5-1 at the end of the sec-
ond, both teams scored once in the
third.

Will Trentini, Tom Stecyk and
Walte Schmidt rounded out the
Canadian total while Ed Kassian
and Johnny Millard scored for the
Elks.

It was a clean game, though rag-
ged most of the way as Elks failed
to mount a strong attack. Canadians
took five of the seven penalties as-
sessed by Gilmour and Smith. All
tended.

The changes in KART have been
deemed necessary following a pub-
lic meeting in the city hall.

At the KART general meeting in
the city hall committee room on
Tuesday night, the proposed amend-
ment changes to the constitution
were submitted for approval by the
committee appointed to re-vamp the
constitution.

When the proposed changes have
been studied, it will be turned over
to KART's legal advisor for the
actual framing of the new consti-
tution.
